By His Excellency the Right Honorable Sir John Douglas Sutherland Campbell (commonly called the Marquis of Lorne), one of Her Majesty's Most Honorable Privy Council, Knight of the Most Ancient and Most Noble Order of the Thistle, and Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, Governor General of Canada and Vice Admiral of the same.

To all to whom these presents shall come, or whom the same may in anywise concern,—GREETING :

"1. The Province of Manitoba shall be increased as hereinafter defined, that is to say, so that the boundaries thereof shall be as follows :—"Commencing at the intersection of the International Boundary dividing Canada from the United States of America by the centre of the Road Allowance between the twenty-ninth and thirtieth ranges of townships lying west of the first principal meridian in the system of Dominion Land Surveys; thence northerly, following upon the said centre of the said road allowance as the same is or may hereafter be located, defining the said range line on the ground across Townships one to forty-four, both inclusive, to the intersection of the said centre of the said road allowance by the centre of the road allowance on the twelfth base line in the said system of Dominion Land Surveys; thence easterly along the said centre of the road allowance on the twelfth base line, following the same to its intersection by the easterly limit of the District of Keewatin, as defined by the Act thirty-ninth Victoria, chapter twenty-one, that is to say, to a point where the said centre of the road allowance on the twelfth base line would be intersected by a line drawn due north from where the westerly boundary of the Province of Ontario intersects the aforesaid International Boundary Line dividing Canada from the United States of America; thence due South, following upon the said line to the International Boundary aforesaid; and thence westerly, following upon the said International Boundary Line dividing Canada from the United States of America, to the place of beginning," and all the land embraced by the said description not now within the Province of Manitoba shall, from and after the passing of this Act, be added thereto, and the whole shall, from and after the said date, form and be the Province of Manitoba.

"2. The terms and conditions upon which such increase is made are as follows :—

"(a.) All the enactments and provisions of all the Acts of the Parliament of Canada which have since the creation of the Province of Manitoba been extended into, and made to apply to the said Province, shall extend and apply to the territory by this Act added thereto as fully and effectually as if the same had originally formed part of the Province and the boundaries thereof had, in the first instance, been fixed and defined as is done by this Act, subject however, to the provisions of section three of this Act.

"(b.) The said increased limit and the territory thereby added to the Province of Manitoba shall be subject to all such provisions as may have been or shall hereafter be enacted, respecting the Canadian Pacific Railway and the lands to be granted in aid thereof.

"3. All laws and ordinances in force in the territory hereby added to the Province of Manitoba at the time of the coming into force of this Act, and all courts of civil and criminal jurisdiction, and all legal commissions, powers and authorities, and all officers, judicial, administrative and ministerial, existing therein at the time of the coming into force of this Act, shall continue therein as if such territory had not been added to the said Province; subject never-

"4. This Act shall come into force only upon, from and after a day to be appointed in that behalf by proclamation of the Governor published in the *Canada Gazette*."

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

ARTICLE I.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland engages to deliver up, under the circumstances and on the conditions stipulated in the present Treaty, all persons, and the Swiss Federal Council engages to deliver up, under the like circumstances and conditions, all persons, excepting Swiss citizens who, having been charged with, or convicted by the Tribunals of one of the two High Contracting Parties of the crimes or offenses enumerated in Article II, committed on the territory of the one party, shall be found within the territory of the other.

In the event of the Federal Council being unable, by reason of his Swiss nationality, to grant the extradition of an individual, who after having committed in the United Kingdom one of the crimes or offences enumerated in Article II, should have taken refuge in Switzerland, the Federal Council engages to give legal effect to and prosecute the charge against him according to the laws of the Canton of his origin; and the Government of the United Kingdom engages to communicate to the Federal Council all documents, depositions, and proofs relating to the case, and to cause the commissions of examination directed by the Swiss Judge, and transmitted through the proper Diplomatic channel, to be executed gratuitously.

ARTICLE II.

The crimes for which the extradition is to be granted are the following:—

1. Murder (including infanticide) and attempt to murder.
2. Manslaughter.
3. Counterfeiting or altering money, uttering or bringing into circulation counterfeit or altered money.
4. Forgery, or counterfeiting, or altering, or uttering what is forged, or counterfeited, or altered; comprehending the crimes designated in the Penal Codes of both States as counterfeiting or falsification of paper money, bank notes, or other securities, forgery, or falsification of other public or private

documents, likewise the uttering or bringing into circulation, or wilfully using such counterfeited, forged, or falsified papers.

5. Embezzlement or larceny.
6. Obtaining money or goods by false pretences.
7. Crimes against bankruptcy law.
8. Fraud committed by a baillie, banker, agent, factor, trustee, or director, or member or public officer of any Company made criminal by any law for the time being in force.
9. Rape.
10. Abduction of minors.
11. Child stealing or kidnapping.
12. Burglary, or house-breaking, with criminal intent.
13. Arson.
14. Robbery with violence.
15. Threats by letter or otherwise with intent to extort.
16. Perjury or subornation of perjury.
17. Malicious injury to property, if the offence be indictable.

The extradition is also to take place for participation in any of the aforesaid crimes, as an accessory before or after the fact, provided such participation be punishable by the laws of both Contracting Parties.

ARTICLE III.

A fugitive criminal may be apprehended in either country under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the Magistrate, Justice of the Peace, or other competent authority exercises jurisdiction: provided, however, that, in the United Kingdom, the accused shall, in such case, be sent as speedily as possible before a Magistrate in London.

Requisitions for provisional arrest may be addressed by post or by telegraph, provided they purport to be sent by some judicial or other competent authority. Such requisitions must contain a description in general terms of the crime or offence, and a statement that a warrant has been granted for the arrest of the criminal, and that his extradition will be demanded.

He shall, in accordance with this Article, be discharged, as well in the United Kingdom as in Switzerland, if within the term of thirty days a requisition for extradition shall not have been made by the Diplomatic Agent of the country claiming his surrender in accordance with the stipulations of this Treaty.

ARTICLE IV.

The requisition for extradition must always be made by the way of diplomacy, and to wit, in Switzerland by the British Minister to the President of the Confederation, and in the United Kingdom to the Secretary of State for Foreign Affairs by the Swiss Consul-General in London, who, for the purposes of this Treaty, is hereby recognized by Her Majesty as a Diplomatic Representative of Switzerland.

ARTICLE V.

In the dominions of Her Britannic Majesty, other than the Colonies or foreign possessions of Her Majesty, the manner of proceeding shall be as follows:—

- (a.) In the case of a person accused—
The requisition for the surrender shall be made to Her Britannic Majesty's Principal Secretary of State for Foreign Affairs by the Diplomatic Representative of the Swiss Confederation. The said demand shall be accompanied by a warrant of arrest, or other equivalent judicial document, issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Switzerland, and

duly authenticated depositions or statements taken on oath, or solemnly declared to be true, before such Judge or Magistrate, clearly setting forth the said acts, and containing a description of the person claimed, and any particulars which may serve to identify him.

The said Principal Secretary of State shall transmit such documents to Her Britannic Majesty's Principal Secretary of State for the Home Department, who shall then, by order under his hand and seal, signify to some Police Magistrate in London that such requisition has been made, and require him, if there be due cause, to issue his warrant for the apprehension of the fugitive. On the receipt of such order from the Secretary of State, and on the production of such evidence as would, in the opinion of the Magistrate, justify the issue of the warrant if the crime had been committed in the United Kingdom, he shall issue his warrant accordingly.

When the person claimed shall have been apprehended, he shall be brought before the Magistrate who issued the warrant, or some other Police Magistrate in London. If the evidence to be then produced shall be such as to justify, according to the law of England, the committal for trial of the prisoner, if the crime of which he is accused had been committed in the United Kingdom, the Police Magistrate shall commit him to prison to await the warrant of the Secretary of State for his surrender; sending immediately to the Secretary of State a certificate of the committal and a report upon the case.

After the expiration of a period from the committal of the prisoner, which shall never be less than fifteen days, the Secretary of State shall, by order under his hand and seal, order the fugitive criminal to be sent to such seaport town as shall, in each special case, be selected for his delivery to the Swiss Government.

(b) In the case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the warrant to be transmitted by the Diplomatic Representative of Switzerland in support of his requisition shall clearly set forth the crime or offence of which the person claimed has been convicted, and state the place and date of his conviction.

The evidence to be produced shall consist of the penal sentence passed against the convicted person by the competent Court of the State claiming his extradition.

(c.) Persons convicted by judgment in default or *arrêt de contumace* shall be, in the matter of extradition, considered as persons accused, and may, as such, be surrendered.

(d.) After the Police Magistrate shall have committed the accused or convicted person to prison to await the order of a Secretary of State for his surrender, such person shall have the right to apply for a writ of *habeas corpus*; if he should so apply, his surrender must be deferred until after the decision of the Court upon the return to the writ, and even then can only take place if the decision is adverse to the applicant. In the latter case, the Court may at once order his delivery to the person authorised to receive him, without waiting for the order of a Secretary of State for his surrender, or commit him to prison to await such order.

ARTICLE VI.

In Switzerland the manner of proceeding shall be as follows:

The requisition for the extradition of an accused person must be accompanied by an authentic copy of the warrant of arrest, issued by a competent official or Magistrate, clearly setting forth the crime or offence of which he is accused, together with a properly legalized information setting forth the facts and evidence upon which the warrant was granted.

If the requisition relates to a person already convicted, it must be accompanied by an authentic copy of the sentence or conviction, setting forth the crime or offence of which he has been convicted.

The requisition must also be accompanied by a description of the person claimed, and if it be possible, by other information and particulars which may serve to identify him.

After having examined these documents, the Swiss Federal Council shall communicate them to the Cantonal Government in whose territory the person charged is found in order that he may be examined by a judicial or police officer on the subject of their contents.

The Cantonal Government will transmit the *procès-verbal* of the examination, together with all the documents, accompanied, if there be one, by a more detailed report to the Federal Council, who, after having examined them, and there be no opposition on either side, will grant the extradition, and will communicate its decision both to the British Legation and to the Cantonal Government in question, to the latter in order that it may send the person to be surrendered to such place on the frontier, and deliver him to such foreign police authority as the British Legation may name in each special case.

Should the documents furnished with a view of proving the facts, or of establishing the identity of the accused, or the particulars collected by the Swiss authorities appear insufficient, notice shall be immediately given to the Diplomatic Representative of Great Britain, in order that he may furnish further evidence. If such further evidence be not furnished within fifteen days the person arrested shall be set at liberty.

In the event of the application of this Treaty being contested, the Swiss Federal Council will transmit the documents ("dossier") to the Swiss Federal Tribunal, whose duty it is to decide definitely the question whether extradition should be granted or refused.

The Federal Council will communicate the judgment of the Federal Tribunal to the British Legation. If this judgment grants the extradition the Federal Council will order its execution, as in the case when the Federal Council itself grants the extradition. If, on the other hand, the Federal Tribunal refuses the extradition, the Federal Council will immediately order the person accused to be set at liberty.

ARTICLE VII.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as entirely valid evidence the depositions or statement of witnesses, either sworn or solemnly declared to be true, taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, or copies thereof, provided such documents purport to be signed or certified by a Judge, Magistrate, or officer of such State, and are authenticated by the official seal of a British Secretary of State, or of the Chancellor of the Swiss Confederation, being affixed thereto.

The personal attendance of witnesses can be required only to establish the identity of the person who is being proceeded against with that of the person arrested.

ARTICLE VIII.

If proof sufficient to warrant the extradition be not furnished within two months from the day of the apprehension, the person arrested shall be discharged from custody.

ARTICLE IX.

In cases where it may be necessary, the Swiss Government shall be represented at the English Courts by the Law Officers of the Crown, and the English Government in the Swiss Courts by the competent Swiss authorities.

The respective Governments will give the necessary assistance within their territories to the Representatives of the other State who claim their intervention for the custody and security of the persons subject to extradition.

No claim for the repayment of expenses for the assistance mentioned in this Article shall be made by either of the Contracting Parties.

ARTICLE X.

The present Treaty shall apply to crimes and offenses committed prior to the signature of the Treaty; but a person surrendered shall not be tried for any crime or offense committed in the other country before the extradition other than the crime for which his surrender has been granted.

ARTICLE XI.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try and punish him for an offence of a political character.

ARTICLE XII.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired according to the laws of the State applied to.

ARTICLE XIII.

The extradition shall not take place if the person claimed on the part of the Government of the United Kingdom, or the person claimed on the part of the Swiss Government, has already been tried and discharged or punished, or is still under trial, in one of the Swiss Cantons or in the United Kingdom respectively, for the crime for which his extradition is demanded.

ARTICLE XIV.

If the person claimed on the part of the Government of the United Kingdom, or if the person claimed on the part of the Swiss Government, should be under examination, or have been condemned for any other crime, in one of the Swiss Cantons or in the United Kingdom respectively, his extradition may be deferred until he shall have been set at liberty in due course of law.

In case such individual should be proceeded against in the country in which he has taken refuge, on account of obligations contracted towards private individuals, his extradition shall, nevertheless, take place; the injured party retaining his right to prosecute his claims before the competent authority.

ARTICLE XV.

If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

ARTICLE XVI.

All articles seized, which were in the possession of the person to be surrendered at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

This delivery shall take place even when the extradition, after having been granted, cannot be carried out by reason of the escape or death of the individual claimed, unless the claims of third parties with regard to the above-mentioned articles render such delivery inexpedient.

ARTICLE XVII.

The contracting parties renounce any claim for the reimbursement of the expenses incurred by them in the arrest and maintenance of the person to be surrendered, and his conveyance to the frontiers of the State to which the requisition is made; they reciprocally agree to bear such expenses themselves.

ARTICLE XVIII.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty.

The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions, shall be made to the Governor or to the supreme authority of such Colony or possession through the Swiss Consul residing there, or, in case there should be no Swiss Consul, through the recognized Consular Agent of another State charged with the Swiss interests in the Colony or possession in question.

The Governor or supreme authority above-mentioned shall decide with regard to such requisitions as nearly as possible in accordance with the provisions of the present Treaty. He will, however, be at liberty either to consent to the extradition or report the case to his Government.

Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of such individuals as shall have committed in Switzerland any of the crimes hereinbefore mentioned, who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be, of the provisions of the present Treaty.

The requisition for the surrender of a fugitive criminal from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

ARTICLE XIX.

The present Treaty shall come into force ten days after its publication in conformity with the forms prescribed by the laws of the High Contracting Parties.

After the Treaty shall have come into force, the Treaty concluded between the High Contracting Parties on the 31st of March, 1844, shall be considered as cancelled, except as to any proceedings that may have been already taken or commenced in virtue thereof.

It may be terminated by either of the High Contracting Parties, on giving to the other Party six months' notice of its intention to terminate the same, but no such notice shall exceed the period of one year.

The Treaty shall be ratified, and the ratifications shall be exchanged at Berne as soon as possible.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done at Berne, the twenty-sixth day of November, in the year of Our Lord one thousand eight hundred and eighty.

(L.S.) C. VIVIAN.

(L.S.) ANDERWERT.

And whereas the ratifications of the said Treaty were exchanged at Berne on the fifteenth day of March, one thousand eight hundred and eighty-one.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the thirtieth day of May, one thousand eight hundred and eighty-one, the said Acts shall apply in the case of the said Treaty with the Swiss Federal Council.

J. O. COTÉ,
51-3 Clerk, Privy Council.

GOVERNMENT HOUSE, OTTAWA.

Friday, 17th day of June, 1881.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON the recommendation of the Honorable the Acting Minister of Railways and Canals,—

His Excellency has been pleased to order, and it is hereby ordered, that section 19 of the existing Regulations governing the passage of vessels through the Government Canals and Locks, laid down by Order in Council on the 31st May, 1873, be, and the same is hereby amended by the cancellation of the first paragraph from the words "where several boats" to the words "vessels of all kinds" inclusively and the substitution therefor of the following, namely:—

Henceforward, in so far as regards priority of passage through the canals or locks of the Dominion, with the exception of the Welland Canal, for which special provision is made, in place of the existing

classification there shall be only two recognized classes of vessels, namely,—

1st Class.—Composed of steamers whose machinery is described in the certificate of the Steamboat Inspector as suitable to be employed "in the carriage of passengers" in distinction to steamers whose machinery, etc., is described in such certificate as suitable to be employed "in the carriage of freight and passengers," also market steamers.

2nd Class.—Composed of all other vessels of what kind soever they may be.

Of these two classes of vessels, those of the 1st class shall have priority of passage over those of the 2nd class. Steamers carrying Her Majesty's Mails shall however continue, as at present, to take precedence over steamers carrying passengers only.

When several boats or vessels are lying by, or are waiting to enter any lock or canal, they shall lie in single tier and at a distance of not less than 300 feet from such lock, or entrance, and each boat or vessel, for the purpose of passing through, shall advance in the order in which it may be lying in such tier, except in the case of vessels of the first class, to which priority of passage is granted as above.

Should, however, any first class vessel for which at a certain fixed hour any lock is kept clear, not then enter such lock, vessels of the second class which may be in waiting, shall immediately have the use of the lock and continue so to use it until the delayed first class boat arrives.

His Excellency has been further pleased to order, and it is hereby ordered, that the Section of the existing Regulations, dealing with the overtaking of one vessel by another in the Canal, be, and the same is hereby amended so as to bar a fast vessel from attempting to pass one of speed slower than her own when nearing a lock, and that the following words be inserted in Section 21 of the said Canal regulations, immediately after the words "faster vessel to pass by" namely "unless within 300 yards of the wall of the lock towards which the vessels are progressing, in which case the faster vessel shall not attempt to pass."

où la limite occidentale de la province d'Ontario touche la limite internationale entre le Canada et les Etats-Unis d'Amérique; de là vers le franc sud, en suivant cette dernière ligne jusqu'à la dite limite internationale; et de là, vers l'ouest, en suivant celle-ci jusqu'au point de départ;" et toutes les terres comprises entre ces bornes et ne faisant point déjà partie de la province de Manitoba seront, à dater de l'adoption du présent acte, ajoutées à cette province; et le tout formera et sera dès lors la province de Manitoba.

"2. Cet agrandissement est fait sous les conditions suivantes :—

"(a) Toutes les dispositions et prescriptions des actes du parlement du Canada, qui, depuis la création de la province de Manitoba, ont été étendues et déclarées applicables à cette province, s'étendront et s'appliqueront au territoire qui est ajouté à celle-ci par le présent acte, et ce d'une manière aussi pleine et efficace que si le dit territoire eût fait partie originairement de la province et que les limites provinciales eussent été d'abord tracées et fixées comme elles le sont par cet acte, sauf cependant les dispositions de la troisième section du présent acte.

"(b) Les limites ainsi étendues et le territoire ajouté à la province de Manitoba, en conséquence de cet agrandissement, seront soumis à l'effet de toutes dispositions qui ont pu ou pourront être portées relativement au chemin de fer Canadien du Pacifique et aux terres qui seront accordées à titre d'aide pour l'exécution de ce chemin.

"3. Toutes lois et ordonnances qui seront en vigueur dans le territoire ajouté par le présent acte à la province de Manitoba, à l'époque où cet acte deviendra exécutoire; toutes cours civiles et criminelles, toutes commissions, pouvoirs et autorisations légalement donnés, et tous officiers judiciaires, administratifs et ministériels, existants à la dite époque dans ce territoire, y seront maintenus et continués comme si le dit territoire n'avait pas été joint à la province de Manitoba; sans préjudice, néanmoins, du pouvoir que la législature de cette province a de révoquer, abolir ou modifier quelque chose que ce soit qui rentre dans les matières sur lesquelles s'exerce son autorité législative.

"4. Le présent acte ne sera exécutoire qu'à dater d'un certain jour que fixera pour son entrée en vigueur une proclamation du gouverneur publiée dans la *Gazette du Canada*."

ET ATTENDU qu'il semble à propos que le dit Acte devienne en vigueur à compter du PREMIER jour de JUILLET prochain,—

SACHEZ MAINTENANT que je, le dit Sir John Douglas Sutherland Campbell (généralement appelé le Marquis de Lorne) Gouverneur-Général du Canada comme susdit, proclame et déclare que, par et de l'avis du Conseil Privé de Sa Majesté pour le Canada, j'ai fixé et par les présentes fixe le PREMIER jour de JUILLET prochain comme étant celui à compter duquel le dit Acte ci-dessus en partie cité deviendra exécutoire.

Donné sous mon Seing et le Sceau de mes Armes, à OTTAWA, ce TREIZIÈME jour de JUIN, en l'année de Notre Seigneur, mil huit cent quatre-vingt-une, et dans la quarante-quatrième année du Règne de Sa Majesté.

LORNE.

Par ordre,

J. A. MOUSSEAU,
Secrétaire d'Etat.

Le Sous-secrétaire d'Etat,
Bureau Colonial, S. W.

Cour de Windsor, le 18 mai 1881.

PRÉSENTS :

Sa Très Execllente Majesté la Reine.

Lord Président,
Lord Grand-Maitre,

Le comte de Northbrook.

ATTENDU que par les actes d'extradition de 1870 et 1873, il est entr'autres choses établi que dans le cas où un arrangement aura été fait avec un Etat étranger pour la reddition à tel Etat de tout criminel fugitif, Sa Majesté pourra, par un ordre en conseil, déclarer que les dits actes s'appliqueront au cas de tel Etat étranger; et que Sa Majesté pourra, par le dit ordre ou tout autre ordre subséquent, limiter l'opération de l'ordre et restreindre ce dernier aux criminels fugitifs qui vivent ou sont soupçonnés de vivre dans la partie des possessions de Sa Majesté spécifiée dans le dit ordre, et soumettre l'opération du susdit ordre à telles conditions, exceptions et qualifications qui peuvent être jugées opportunes;

Et attendu qu'un traité a été conclu le vingt-sixième jour de novembre mil huit cent quatre-vingt, entre Sa Majesté et le Conseil Fédéral Suisse, pour l'extradition mutuelle des criminels fugitifs, lequel traité est dans les termes suivants:—

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande et le Conseil Fédéral Suisse ayant jugé expédient en vue d'améliorer l'administration de la justice et de prévenir les crimes dans les territoires placés sous leurs juridictions respectives, de se livrer réciproquement, dans de certaines circonstances, les personnes accusées ou convaincues des crimes ci-après énumérés, et étant fugitives de la justice, ont nommé comme leurs Plénipotentiaires pour conclure un Traité à cette fin, savoir:

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, l'honorable Hussey Crespigny Vivian, Compagnon de l'Ordre très-honorable du Bain, ministre résidant de Sa Majesté dans la Confédération Suisse;

Et le Conseil Fédéral Suisse, son vice-président, F. Andervert, conseiller fédéral et chef du département de la Justice et de la paix;

Lesquels, après s'être donné communication l'un à l'autre de leurs pouvoirs respectifs, et les avoir trouvés en bonne et due forme, ont consenti et conclu les articles suivants :

ARTICLE I.

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande s'engage à livrer, dans les circonstances et aux conditions stipulées dans le présent traité, toutes les personnes, et le Conseil Fédéral Suisse s'engage à livrer, dans les mêmes circonstances et conditions, toutes les personnes, excepté les citoyens suisses, qui, ayant été accusés ou convaincus par les tribunaux de l'une des deux Hautes Parties contractantes des crimes et offenses énumérés en l'article II, commis sur le territoire de l'une des parties seront trouvées sur le territoire de l'autre.

Dans le cas où le Conseil Fédéral serait incapable, à cause de son origine suisse, d'accorder l'extradition d'un individu, qui après avoir commis dans le Royaume-Uni l'un des crimes ou offenses énumérés en l'article II, se serait réfugié en Suisse, le Conseil Fédéral s'engage de donner effet légal à l'accusation et de poursuivre cette dernière contre lui suivant les lois du canton dont tel individu est originaire; et le gouvernement du Royaume-Uni s'engage à communiquer au Conseil Fédéral tous les documents, dépositions et preuves se rattachant à la cause et de faire exécuter gratuitement les commissions d'enquête dirigées par le juge suisse et transmises régulièrement par la voie diplomatique.

ARTICLE II.

Les crimes pour lesquels l'extradition sera accordée sont les suivants :

1. Meurtre (y compris l'infanticide) et tentative de meurtre.
 2. Homicide.
 3. Contrefaçon ou altération de monnaie, émission ou mise en circulation de monnaie contrefaite ou altérée.
 4. Faux, ou contrefaçon, ou altération, ou émission de pièces forgées, contrefaites ou altérées; comprenant les crimes désignés dans le code pénal des deux états comme contrefaçon ou falsification de papier monnaie, billets de banque, ou autres garanties, faux ou falsification d'autres documents publics ou privés, de même que l'émission ou la mise en circulation ou l'usage volontaire de telles pièces contrefaites, forgées ou falsifiées.
 5. Le détournement ou le vol.
 6. L'obtention d'argent ou de marchandises sur de fausses représentations.
 7. Les crimes contre la loi de banqueroute.
 8. La fraude commise par un bailli, banquier, agent, facteur, syndic, ou directeur, ou membre, ou officier public de toute compagnie déclarée criminelle par toute loi en force à cette époque.
 9. Le rapt.
 10. L'enlèvement de mineurs.
 11. Le vol ou l'enlèvement d'enfants.
 12. Le vol avec effraction, ou l'entrée avec effraction avec intention criminelle.
 13. L'incendiat.
 14. Le vol avec violence.
 15. Les menaces par lettre ou autrement avec l'intention d'extorquer.
 16. Le parjure ou la subornation de parjure.
 17. Le dommage malicieux à la propriété, si l'offense est sujette à une mise en accusation.
- Il y aura également lieu à l'extradition dans le cas de toute participation dans l'un des crimes ci-dessus comme accessoire soit avant ou après le fait, pourvu que telle participation soit punissable par les lois des deux parties contractantes.

ARTICLE III.

Un criminel fugitif peut être arrêté dans l'un ou l'autre des-deux pays au moyen d'un bref émis par un magistrat de police, juge de paix, ou autre autorité compétente, sur telle information ou plainte et telle preuve, ou après telles procédures qui pourraient dans l'opinion de l'autorité qui émet le bref justifier

l'émission de tel bref si le crime a été commis ou l'individu a été convaincu dans cette partie des territoires des deux parties contractantes où le magistrat ou juge de paix ou autre autorité compétente exerce sa juridiction: pourvu, cependant, que dans le Royaume-Uni l'accusé soit, dans ce cas, envoyé aussi vite que possible devant un magistrat de police à Londres.

Les demandes pour arrestation provisoire pourront être adressées par la poste ou par le télégraphe, pourvu qu'elles apparaissent être envoyées par quelque autorité judiciaire ou toute autre compétente. Ces demandes devront contenir en termes généraux une description du crime ou de l'offense, et une déclaration qu'un mandat a été accordé pour l'arrestation criminel et que son extradition sera demandée.

Ce dernier sera, en vertu de cet article, remis en liberté si, dans l'espace de trente jours, il n'a pas été fait une demande d'extradition par l'agent diplomatique du pays demandant sa reddition conformément aux stipulations de ce traité.

ARTICLE IV.

La demande d'extradition devra toujours être faite par la voie diplomatique et par exemple, en Suisse le ministre anglais au président de la Confédération, et dans le Royaume-Uni au secrétaire d'Etat pour les affaires étrangères par le consul-général suisse à Londres, qui, pour les fins de ce traité, est par les présentes reconnu par Sa Majesté comme un représentant diplomatique de la Suisse.

ARTICLE V.

Dans les possessions de Sa Majesté britannique, autres que les colonies ou possessions étrangères de Sa Majesté, la manière de procéder sera la suivante :

(a) Dans le cas d'une personne accusée.—

La demande de reddition sera faite au principal secrétaire d'Etat pour les affaires étrangères de Sa Majesté par le représentant diplomatique de la Confédération suisse. La dite demande sera accompagnée d'un mandat d'arrestation, ou autre document judiciaire analogue, émis par un juge ou magistrat dûment autorisé à prendre connaissance des actes dont on accuse le prisonnier en Suisse, et de témoignages ou de déclaration pris sous serment ou déclarés solennellement être vrais, devant tel juge ou magistrat, dûment rendus authentiques, déclarant les dits actes et contenant une description de la personne réclamée et tous détails qui peuvent servir à l'identifier.

Le dit principal secrétaire d'Etat transmettra tels documents au principal secrétaire d'Etat pour le département de l'intérieur de Sa Majesté britannique lequel, par un ordre revêtu de son sceau et de sa signature, signifiera à un magistrat de police à Londres que telle demande a été faite et le requerra, s'il y a cause suffisante, d'émettre un mandat pour l'arrestation du fugitif. Sur la réception de tel ordre du secrétaire d'Etat, et sur la production de telle preuve qui pourrait, dans l'opinion du magistrat justifier l'émission du mandat d'arrestation si le crime avait été commis dans le Royaume-Uni, le dit magistrat émettra un mandat en conséquence.

Quand l'individu réclamé aura été arrêté, il sera conduit devant le magistrat qui a émis le mandat d'arrestation ou devant quelque autre magistrat de police à Londres. Si la preuve alors faite est telle qu'elle justifie, suivant la loi anglaise, la condamnation du prisonnier à subir un procès, si le crime dont ce dernier est accusé a été commis dans le Royaume-Uni, le magistrat de police le condamnera à être emprisonné pour attendre l'ordre du secrétaire d'Etat ordonnant de le livrer; il devra envoyer immédiatement au secrétaire d'Etat un certificat de la sentence et un rapport concernant la cause.

A l'expiration d'une période, qui ne devra jamais être moindre que quinze jours à dater de la sentence portée contre le prisonnier, le secrétaire d'Etat ordonnera sous ses sceaux et sceau que le criminel fugitif soit dirigé sur tel port de mer, qui sera, dans chaque cas spécial, choisi pour sa reddition; au gouvernement Suisse.

(b) Dans le cas d'une personne convaincue.—

La procédure sera la même que dans le cas d'une personne accusée, excepté que le mandat d'arrestation qui devra être transmis par le représentant diplomatique de la Suisse à l'appui de sa demande alléguera clairement le crime ou l'offense dont la personne réclamée a été convaincue, et déclarera les lieu et date de sa conviction.

La preuve à être faite consistera dans la sentence finale portée contre la personne convaincue par la cour compétente de l'état qui demande son extradition.

(c.) Les personnes convaincues par jugement sur défaut ou par *arrêt de contumace* seront considérées, dans le cas d'extradition, comme des personnes accusées et pourront comme telles être livrées.

(d) Après que le magistrat de police aura condamné la personne accusée ou convaincue à l'emprisonnement pour attendre l'ordre d'un secrétaire d'Etat ordonnant sa reddition, telle personne aura le droit de demander un bref d'*habeas corpus*; si elle fait une telle demande, sa reddition devra être suspendue jusqu'après la décision de la cour sur le rapport du bref, et ne pourra même alors avoir si la décision est contraire à la demande du prisonnier. Dans ce dernier cas, la cour peut immédiatement ordonner que le prisonnier soit remis à la personne chargée de le recevoir sans attendre l'ordre du secrétaire d'Etat autorisant sa reddition, ou le condamner à l'emprisonnement en attendant l'émission de tel ordre.

ARTICLE VI.

En Suisse la manière de procéder sera la suivante :

La demande d'extradition d'une personne accusée devra être accompagnée d'une copie authentique du mandat d'arrestation émis par un officier compétent au magistrat, énonçant clairement le crime ou l'offense dont elle est accusée, en même temps qu'une information dûment légalisée faisant connaître les faits et la preuve sur lesquels le mandat d'arrestation a été émis.

Si la demande se rapporte à une personne déjà convaincue, elle devra être accompagnée d'une copie authentique de la sentence ou conviction, énonçant le crime ou l'offense dont elle a été convaincue.

La demande devra aussi être accompagnée d'une description de la personne réclamée, et, s'il est possible, de tous autres informations et détails qui peuvent servir à l'identifier.

Après avoir examiné ces documents, le Conseil Fédéral suisse les communiquera au gouvernement cantonal sur le territoire duquel la personne accusée aura été trouvée, afin qu'elle puisse être examinée par un officier de justice ou de police sur le contenu de tels documents.

Le gouvernement cantonal transmettra le *procès-verbal* de l'examen en même temps que tous les autres documents, accompagnés, s'il y a lieu, d'un rapport plus détaillé, au Conseil Fédéral, qui, après les avoir examinés et ne trouvant d'opposition d'aucun côté, accordera l'extradition et communiquera sa décision à la fois à la légation anglaise et au gouvernement cantonal en question; à ce dernier pour qu'il puisse envoyer la personne qui doit être livrée à tel endroit sur la frontière et le livrer à tel officier de police étrangère qu'il plaira à la légation anglaise de nommer en chaque cas spécial.

Dans le cas où les documents fournis en vue de prouver les faits et d'établir l'identité de l'accusé, ou que les détails recueillis par les autorités Suisses sembleraient insuffisants, avis sera donné immédiatement au représentant diplomatique de la Grande-Bretagne afin qu'il puisse fournir de plus amples preuves. Si telle plus ample preuve n'est pas fournie dans un délai de quinze jours la personne arrêtée sera mise en liberté.

Dans le cas où l'application de ce traité serait contestée, le Conseil Fédéral Suisse transmettra les documents (dossier) au tribunal fédéral suisse, dont le devoir sera de décider d'une manière définitive si l'extradition sera accordée ou refusée.

Le Conseil Fédéral communiquera le jugement du tribunal fédéral à la légation anglaise. Si ce jugement accorde l'extradition, le Conseil Fédéral ordon-

nera qu'il soit exécuté comme dans le cas où le Conseil Fédéral accorderait lui-même l'extradition. Si d'un autre côté le tribunal fédéral refuse l'extradition, le Conseil Fédéral ordonnera immédiatement la mise en liberté de l'accusé.

ARTICLE VII.

Dans les enquêtes qu'elles auront à faire en conformité des présentes stipulations, les autorités de l'état auquel on s'adresse admettront comme parfaitement valides les témoignages ou déclarations des témoins, qu'ils soient assermentés ou déclarés solennellement être vrais, pris dans l'autre état, ou copies d'icelles, de même que les mandats d'arrestation et les sentences émis dans la cause, ou copies d'iceux, pourvu que tels documents apparaissent avoir été signés et certifiés par un juge, magistrat ou officier de tel état et soient rendus authentiques par l'apposition du sceau officiel d'un secrétaire d'Etat anglais ou du chancelier de la Confédération suisse.

La comparution en personne des témoins ne sera requise que pour établir l'identité de la personne poursuivie avec celle arrêtée.

ARTICLE VIII.

S'il n'est pas fourni dans le délai de deux mois à dater du jour de l'arrestation une preuve suffisante pour autoriser l'extradition, la personne arrêtée sera mise en liberté.

ARTICLE IX.

Dans le cas où cela pourrait être nécessaire, le gouvernement suisse sera représenté dans les cours anglaises par les officiers en loi de la Couronne, et le gouvernement anglais dans les cours suisses par les autorités compétentes suisses.

Les gouvernements respectifs donneront dans les limites de leurs territoires l'aide nécessaire aux représentants de l'autre état qui demandent leur intervention pour la garde et l'arrestation des personnes sujettes à l'extradition.

Aucune réclamation ne pourra être faite par l'une ou l'autre des parties contractantes pour le remboursement des dépenses encourues dans l'aide mentionnée en cet article.

ARTICLE X.

Le présent traité s'appliquera aux crimes et offenses commis avant la signature du traité; mais aucune personne livrée ne sera mise en jugement pour un crime ou offense commis dans l'autre pays avant l'extradition, si ce n'est pour celui qui a fait accorder la reddition.

ARTICLE XI.

Un criminel fugitif ne sera pas livré si l'offense pour laquelle on demande sa reddition a un caractère politique, où s'il établit que la demande faite de sa reddition a de fait été faite pour le mettre en jugement et le punir d'une offense qui a un caractère politique.

ARTICLE XII.

L'extradition n'aura pas lieu si, subséquemment à la commission du crime, ou l'institution de la poursuite, ou la conviction qui aurait suivi cette dernière le prisonnier aura été exempté de la poursuite ou du châtiment suivant les lois de l'état auquel on se sera adressé.

ARTICLE XIII.

L'extradition n'aura pas lieu si la personne réclamée par le gouvernement du Royaume-Uni, ou si la personne réclamée par le gouvernement suisse a déjà été mise en jugement, acquittée ou punie, ou si elle est encore à subir son procès dans l'un des Cantons Suisses ou le Royaume-Uni respectivement, pour le crime qui a motivé la demande d'extradition.

ARTICLE XIV.

Si la personne réclamée par le gouvernement du Royaume-Uni, ou si la personne réclamée par le gouvernement Suisse est à subir une enquête ou a été condamnée pour tout autre crime, dans l'un des Cantons Suisses ou dans le Royaume-Uni respectivement, son extradition pourra être retardée jusqu'à ce quelle ait été mise en liberté suivant le cours de la loi.

Dans le cas où tel individu serait poursuivi dans le pays où il s'est réfugié pour des obligations contractées envers des particuliers, son extradition n'en aura pas moins lieu; la partie lésée conservant son droit de poursuivre sa réclamation devant l'autorité compétente.

ARTICLE XV.

Si l'individu réclamé par l'une des deux Hautes Parties contractantes en vertu du présent traité était aussi réclamé par une ou plusieurs autres puissances, pour d'autres crimes ou offenses commis sur leurs territoires respectifs, son extradition sera accordée à cet Etat dont la demande aura priorité de date.

ARTICLE XVI.

Tous les articles saisis, qui étaient en la possession de l'individu devant être livré, au moment de son arrestation devront, si l'autorité compétente de l'Etat auquel on demande l'extradition en a ordonné la livraison, être remis quand l'extradition a lieu, et la dite livraison ne s'étendra pas seulement aux articles volés mais à tous autres qui pourraient servir à établir le crime.

La livraison aura lieu même si l'extradition qui aura été accordée ne peut avoir lieu par suite de la fuite ou la mort de l'individu réclamé, à moins que les réclamations de tierces parties sur les articles ci-dessus mentionnés n'en rendent la livraison inopportune.

ARTICLE XVII.

Les parties contractantes renoncent à toute réclamation pour le remboursement des dépenses encourues par elles dans l'arrestation et la garde de la personne à être livrée, et son transport aux frontières de l'état auquel la demande d'extradition est faite; icelles consentant à se charger elles-mêmes de ces dépenses.

ARTICLE XVIII.

Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté britannique.

La demande de reddition d'un criminel fugitif qui s'est réfugié dans l'une de telles colonies ou possessions étrangères sera faite au gouverneur ou à l'autorité suprême de telle colonie ou possession par l'intermédiaire du consul suisse y résidant, ou, dans le cas où il n'y aurait pas de consul suisse, par l'intermédiaire de l'agent consulaire reconnu d'un autre état chargé des intérêts suisses dans la colonie ou possession en question.

Le gouverneur, ou la suprême autorité, ci-dessus mentionnés, décideront sur telles demandes en conformité, autant que possible, des dispositions du présent traité. Il sera libre, cependant, soit d'accorder l'extradition ou de déférer le cas à son gouvernement.

Sa Majesté britannique sera libre, cependant, de faire des arrangements spéciaux dans les colonies anglaises et possessions étrangères pour la reddition de tels individus qui auraient commis en Suisse l'un des crimes ci-dessus mentionnés et qui se seraient réfugiés dans telles colonies et possessions étrangères, cela, autant que possible, en conformité des dispositions du présent traité.

La demande de reddition d'un criminel fugitif dans une colonie ou possession étrangère de Sa Majesté britannique sera régie par les règles contenues dans les articles précédents du présent traité.

ARTICLE XIX.

Le présent traité viendra en force dix jours après sa publication en conformité des formes prescrites par les lois des Hautes Parties contractantes.

Après que le traité sera devenu en force, le traité conclu entre les Hautes Parties contractantes le 31 mars 1874 sera considéré comme annulé, excepté pour les procédures qui pourraient déjà avoir été prises ou commencées en vertu d'icelui.

L'une ou l'autre des Hautes Parties contractantes pourra y mettre fin en donnant à l'autre partie, six mois à l'avance, avis de son intention d'y mettre fin, mais aucun tel avis ne devra excéder la période d'un an.

Le traité sera ratifié, et la ratification sera échangée à Berne aussitôt que possible.

En foi de quoi les Plénipotentiaires respectifs ont signé le présent et y ont apposé le sceau de leurs armes.

Donné à Berne le vingt-sixième jour de novembre, dans l'année de Notre-Seigneur mil huit cent quatre-vingt.

[L.S.] C. VIVIAN.

[L.S.] ANDERWERT.

Et attendu que les ratifications du dit traité ont été échangées à Berne, le quinzième jour de mars, mil huit cent quatre-vingt-un.

C'est pourquoi maintenant, Sa Majesté, par et de l'avis de Son Conseil Privé et en vertu de l'autorité à Elle conférée par les dits actes précités, ordonne, et il est par le présent ordonné, que depuis et après le trentième jour de mai, mil huit cent quatre-vingt-un, les dits actes s'appliqueront au cas du dit traité avec le Conseil Fédéral Suisse.

ORDRES EN CONSEIL.

HÔTEL DU GOUVERNEMENT, OTTAWA.

Vendredi, 17^e jour de juin 1881.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

SUR la recommandation de l'honorable ministre des chemins de fer et canaux,—

Il a plu à Son Excellence d'ordonner et il est par les présentes ordonné que la section 19^e des règlements qui régissent actuellement le passage des navires à travers les canaux et écluses du gouvernement, déterminée par un ordre en conseil le 31 mai 1873, soit et est par les présentes amendée en supprimant le premier paragraphe depuis les mots "où plusieurs bâtiments" jusqu'aux mots "bâtiments de toute sorte" inclusivement, et en y substituant la suivante, savoir,—

A l'avenir pour ce qui concerne la priorité de passage dans les canaux ou écluses du Canada, à l'exception du canal Welland auquel il est pourvu spécialement, il n'y aura plus que deux classes de bâtiments au lieu de celles qui existent actuellement, savoir :

1^{re} classe.—Comprenant les vapeurs dont la machine, etc., est décrite dans le certificat de l'inspecteur des bateaux à vapeur comme pouvant être employée "au transport des passagers" pour les distinguer des vapeurs dont la machine, etc., est décrite dans tel certificat comme pouvant être employée "au transport du fret et des passagers," et de plus les bateaux passeurs.

2^{me} classe.—Comprenant tous les autres bâtiments de quelque espèce qu'ils soient.

De ces deux classes de navires, ceux de la première auront priorité de passage sur ceux de la seconde classe ; les bateaux à vapeur transportant les malles

de Sa Majesté continueront cependant comme à présent d'avoir préséance sur les bateaux à vapeur qui ne transportent que des passagers.

Lorsque plusieurs bâtiments ou navires sont réunis, ou attendent pour entrer dans un canal ou une écluse, ils devront se tenir en une seule rangée et à une distance de pas moins de 300 pieds de telle écluse ou entrée, et chaque bâtiment ou navire devra pour y passer avancer dans l'ordre qu'il occupe sur la file, excepté dans le cas des navires de la première classe auxquels priorité de passage est accordée tel que dit ci dessus.

Dans le cas, cependant, où un navire de la première classe, pour lequel une écluse serait tenue ouverte à une heure fixe, manquerait d'y entrer, les navires de la seconde classe qui attendent leur tour pourront se servir de telle écluse et continuer de s'en servir jusqu'à ce que le navire de la première classe en retard soit arrivé.

Il a plu en outre à Son Excellence d'ordonner, et il est par les présentes ordonné que la section des règlements actuels concernant la lutte de vitesse que peuvent se faire les bâtiments dans le canal soit amendée, et la dite section est par les présentes amendée de telle sorte qu'il sera défendu à un bâtiment de course rapide de dépasser un bâtiment de course moins rapide lorsqu'ils s'approchent d'une écluse, et que les mots suivants soient insérés dans la section 21 des dits règlements concernant les canaux, immédiatement après les mots "le vaisseau plus rapide devant passer à côté," savoir, "à moins que ce ne soit dans les 300 verges qui séparent du mur de l'écluse vers laquelle se dirigent les bâtiments, et dans ce cas le vaisseau le plus rapide n'essayera pas de passer."

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

VU le rapport de l'honorable Secrétaire d'Etat, en date du 7 juin 1881, dans l'affaire de la pétition faite en vertu de "l'Acte de Tempérance du Canada, 1878," par certains électeurs du comté de Lisgar, dans la province du Manitoba, exposant que les procédures adoptées par l'officier rapporteur paraissent être conformes à l'acte, et que la pétition a été déclarée adoptée par les électeurs du dit comté,—

Il a plu à Son Excellence, sur la recommandation de l'honorable Secrétaire d'Etat, déclarer, et il est par le présent déclaré, que la deuxième partie de "l'Acte de Tempérance du Canada, 1878," sera en vigueur et exécutoire dans le dit comté de Lisgar à compter du jour auquel les licences annuelles ou semi annuelles pour la vente de boissons enivrantes maintenant en vigueur dans le dit comté, expireront ; pourvu que ce jour ne soit pas ra]proché de moins de quatre-vingt-dix jours de la date des présentes, et, s'il l'est, alors à compter du même jour de l'année suivante.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cahier la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

The Under Secretary of State
Colonial Office, S.W.

At the Court at Windsor, the 18th day of May, 1881.

PRESENT:

The QUEEN's Most Excellent Majesty.

Lord President.

Earl of Northbrook.

Lord Steward.

WHEREAS by the Extradition Acts of 1870 and 1873, it was amongst other things enacted, that where an arrangement has been made with any

foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and under the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient:

And whereas a Treaty was concluded on the twenty-sixth day of November, one thousand eight hundred and eighty, between Her Majesty and the Swiss Federal Council, for the Mutual Extradition of Fugitive Criminals, which Treaty is in the terms following:—

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland and the Swiss Federal Council having judged it expedient, with a view to the better administration of justice, and to the prevention of crime within their respective territories and jurisdictions, that persons charged with, or convicted of, the crimes hereinafter enumerated, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, the Honourable Hussey Crespigny Vivian, a Companion of Her Most Honourable Order of the Bath, Her Majesty's Minister Resident to the Swiss Confederation;

And the Swiss Federal Council, its Vice-President, F. Anderwert, Federal Councillor and Chief of the Federal Department of Justice and Police;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:—

ARTICLE I.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland engages to deliver up, under the circumstances and on the conditions stipulated in the present Treaty, all persons, and the Swiss Federal Council engages to deliver up, under the like circumstances and conditions, all persons, excepting Swiss citizens who, having been charged with, or convicted by the Tribunals of one of the two High Contracting Parties of the crimes or offenses enumerated in Article II, committed on the territory of the one party, shall be found within the territory of the other.

In the event of the Federal Council being unable, by reason of his Swiss nationality, to grant the extradition of an individual, who after having committed in the United Kingdom one of the crimes or offenses enumerated in Article II, should have taken refuge in Switzerland, the Federal Council engages to give legal effect to and prosecute the charge against him according to the laws of the Canton of his origin; and the Government of the United Kingdom engages to communicate to the Federal Council all documents, depositions, and proofs relating to the case, and to cause the commissions of examination directed by the Swiss Judge, and transmitted through the proper Diplomatic channel, to be executed gratuitously.

ARTICLE II.

The crimes for which the extradition is to be granted are the following:—

1. Murder (including infanticide) and attempt to murder.
2. Manslaughter.
3. Counterfeiting or altering money, uttering or bringing into circulation counterfeit or altered money.
4. Forgery, or counterfeiting, or altering, or uttering what is forged, or counterfeited, or altered; comprehending the crimes designated in the Penal Codes of both States as counterfeiting or falsification of paper money, bank notes, or other securities, forgery, or falsification of other public or private

documents, likewise the uttering or bringing into circulation, or wilfully using such counterfeited, forged, or falsified papers.

5. Embezzlement or larceny.
6. Obtaining money or goods by false pretences.
7. Crimes against bankruptcy law.
8. Fraud committed by a baillie, banker, agent, factor, trustee, or director, or member or public officer of any Company made criminal by any law for the time being in force.
9. Rape.
10. Abduction of minors.
11. Child stealing or kidnapping.
12. Burglary, or house breaking, with criminal intent.
13. Arson.
14. Robbery with violence.
15. Threats by letter or otherwise with intent to extort.
16. Perjury or subornation of perjury.
17. Malicious injury to property, if the offence be indictable.

The extradition is also to take place for participation in any of the aforesaid crimes, as an accessory before or after the fact, provided such participation be punishable by the laws of both Contracting Parties.

ARTICLE III.

A fugitive criminal may be apprehended in either country under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the Magistrate, Justice of the Peace, or other competent authority exercises jurisdiction: provided, however, that, in the United Kingdom, the accused shall, in such case, be sent as speedily as possible before a Magistrate in London.

Requisitions for provisional arrest may be addressed by post or by telegraph, provided they purport to be sent by some judicial or other competent authority. Such requisitions must contain a description in general terms of the crime or offence, and a statement that a warrant has been granted for the arrest of the criminal, and that his extradition will be demanded.

He shall, in accordance with this Article, be discharged, as well in the United Kingdom as in Switzerland, if within the term of thirty days a requisition for extradition shall not have been made by the Diplomatic Agent of the country claiming his surrender in accordance with the stipulations of this Treaty.

ARTICLE IV.

The requisition for extradition must always be made by the way of diplomacy, and to wit, in Switzerland by the British Minister to the President of the Confederation, and in the United Kingdom to the Secretary of State for Foreign Affairs by the Swiss Consul-General in London, who, for the purposes of this Treaty, is hereby recognized by Her Majesty as a Diplomatic Representative of Switzerland.

ARTICLE V.

In the dominions of Her Britannic Majesty, other than the Colonies or foreign possessions of Her Majesty, the manner of proceeding shall be as follows:—

(a.) In the case of a person accused—

The requisition for the surrender shall be made to Her Britannic Majesty's Principal Secretary of State for Foreign Affairs by the Diplomatic Representative of the Swiss Confederation. The said demand shall be accompanied by a warrant of arrest, or other equivalent judicial document, issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Switzerland, and

only authenticated depositions or statements taken on oath, or solemnly declared to be true, before such Judge or Magistrate, clearly setting forth the said acts, and containing a description of the person claimed, and any particulars which may serve to identify him.

The said Principal Secretary of State shall transmit such documents to Her Britannic Majesty's Principal Secretary of State for the Home Department, who shall then, by order under his hand and seal, signify to some Police Magistrate in London that such requisition has been made, and require him, if there be due cause, to issue his warrant for the apprehension of the fugitive. On the receipt of such order from the Secretary of State, and on the production of such evidence as would, in the opinion of the Magistrate, justify the issue of the warrant if the crime had been committed in the United Kingdom, he shall issue his warrant accordingly.

When the person claimed shall have been apprehended, he shall be brought before the Magistrate who issued the warrant, or some other Police Magistrate in London. If the evidence to be then produced shall be such as to justify, according to the law of England, the committal for trial of the prisoner, if the crime of which he is accused had been committed in the United Kingdom, the Police Magistrate shall commit him to prison to await the warrant of the Secretary of State for his surrender; sending immediately to the Secretary of State a certificate of the committal and a report upon the case.

After the expiration of a period from the committal of the prisoner, which shall never be less than fifteen days, the Secretary of State shall, by order under his hand and seal, order the fugitive criminal to be sent to such seaport town as shall, in each special case, be selected for his delivery to the Swiss Government.

(b.) In the case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the warrant to be transmitted by the Diplomatic Representative of Switzerland in support of his requisition shall clearly set forth the crime or offence of which the person claimed has been convicted, and state the place and date of his conviction.

The evidence to be produced shall consist of the penal sentence passed against the convicted person by the competent Court of the State claiming his extradition.

(c.) Persons convicted by judgment in default or *arrêt de contumace* shall be, in the matter of extradition, considered as persons accused, and may, as such, be surrendered.

(d.) After the Police Magistrate shall have committed the accused or convicted person to prison to await the order of a Secretary of State for his surrender, such person shall have the right to apply for a writ of *habeas corpus*; if he should so apply, his surrender must be deferred until after the decision of the Court upon the return to the writ, and even then can only take place if the decision is adverse to the applicant. In the latter case, the Court may at once order his delivery to the person authorised to receive him, without waiting for the order of a Secretary of State for his surrender, or commit him to prison to await such order.

ARTICLE VI.

In Switzerland the manner of proceeding shall be as follows:

The requisition for the extradition of an accused person must be accompanied by an authentic copy of the warrant of arrest, issued by a competent official or Magistrate, clearly setting forth the crime or offence of which he is accused, together with a properly legalized information setting forth the facts and evidence upon which the warrant was granted.

If the requisition relates to a person already convicted, it must be accompanied by an authentic copy of the sentence or conviction, setting forth the crime or offence of which he has been convicted.

The requisition must also be accompanied by a description of the person claimed, and if it be possible, by other information and particulars which may serve to identify him.

After having examined these documents, the Swiss Federal Council shall communicate them to the Cantonal Government in whose territory the person charged is found in order that he may be examined by a judicial or police officer on the subject of their contents.

The Cantonal Government will transmit the *procès-verbal* of the examination, together with all the documents, accompanied, if there be one, by a more detailed report to the Federal Council, who, after having examined them, and there be no opposition on either side, will grant the extradition, and will communicate its decision both to the British Legation and to the Cantonal Government in question, to the latter in order that it may send the person to be surrendered to such place on the frontier, and deliver him to such foreign police authority as the British Legation may name in each special case.

Should the documents furnished with a view of proving the facts, or of establishing the identity of the accused, or the particulars collected by the Swiss authorities appear insufficient, notice shall be immediately given to the Diplomatic Representative of Great Britain, in order that he may furnish further evidence. If such further evidence be not furnished within fifteen days the person arrested shall be set at liberty.

In the event of the application of this Treaty being contested, the Swiss Federal Council will transmit the documents ("dossier") to the Swiss Federal Tribunal, whose duty it is to decide definitely the question whether extradition should be granted or refused.

The Federal Council will communicate the judgment of the Federal Tribunal to the British Legation. If this judgment grants the extradition the Federal Council will order its execution, as in the case when the Federal Council itself grants the extradition. If, on the other hand, the Federal Tribunal refuses the extradition, the Federal Council will immediately order the person accused to be set at liberty.

ARTICLE VII.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as entirely valid evidence the depositions or statement of witnesses, either sworn or solemnly declared to be true, taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, or copies thereof, provided such documents purport to be signed or certified by a Judge, Magistrate, or officer of such State, and are authenticated by the official seal of a British Secretary of State, or of the Chancellor of the Swiss Confederation, being affixed thereto.

The personal attendance of witnesses can be required only to establish the identity of the person who is being proceeded against with that of the person arrested.

ARTICLE VIII.

If proof sufficient to warrant the extradition be not furnished within two months from the day of the apprehension, the person arrested shall be discharged from custody.

ARTICLE IX.

In cases where it may be necessary, the Swiss Government shall be represented at the English Courts by the Law Officers of the Crown, and the English Government in the Swiss Courts by the competent Swiss authorities.

The respective Governments will give the necessary assistance within their territories to the Representatives of the other State who claim their intervention for the custody and security of the persons subject to extradition.

No claim for the repayment of expenses for the assistance mentioned in this Article shall be made by either of the Contracting Parties.

ARTICLE X.

The present Treaty shall apply to crimes and offenses committed prior to the signature of the Treaty; but a person surrendered shall not be tried for any crime or offense committed in the other country before the extradition other than the crime for which his surrender has been granted.

ARTICLE XI.

A fugitive criminal shall not be surrendered if the offense in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try and punish him for an offense of a political character.

ARTICLE XII.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired according to the laws of the State applied to.

ARTICLE XIII.

The extradition shall not take place if the person claimed on the part of the Government of the United Kingdom, or the person claimed on the part of the Swiss Government, has already been tried and discharged or punished, or is still under trial, in one of the Swiss Cantons or in the United Kingdom respectively, for the crime for which his extradition is demanded.

ARTICLE XIV.

If the person claimed on the part of the Government of the United Kingdom, or if the person claimed on the part of the Swiss Government, should be under examination, or have been condemned for any other crime, in one of the Swiss Cantons or in the United Kingdom respectively, his extradition may be deferred until he shall have been set at liberty in due course of law.

In case such individual should be proceeded against in the country in which he has taken refuge, on account of obligations contracted towards private individuals, his extradition shall, nevertheless, take place; the injured party retaining his right to prosecute his claims before the competent authority.

ARTICLE XV.

If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offenses committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

ARTICLE XVI.

All articles seized, which were in the possession of the person to be surrendered at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

This delivery shall take place even when the extradition, after having been granted, cannot be carried out by reason of the escape or death of the individual claimed, unless the claims of third parties with regard to the above-mentioned articles render such delivery inexpedient.

ARTICLE XVII.

The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions, shall be made to the Governor or to the supreme authority of such Colony or possession through the Swiss Consul residing there, or, in case there should be no Swiss Consul, through the recognized Consular Agent of another State charged with the Swiss interests in the Colony or possession in question.

The Governor or supreme authority above-mentioned shall decide with regard to such requisitions as nearly as possible in accordance with the provisions of the present Treaty. He will, however, be at liberty either to consent to the extradition or report the case to his Government.

Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of such individuals as shall have committed in Switzerland any of the crimes hereinbefore mentioned, who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be, of the provisions of the present Treaty.

The requisition for the surrender of a fugitive criminal from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

ARTICLE XIX.

The present Treaty shall come into force ten days after its publication in conformity with the forms prescribed by the laws of the High Contracting Parties.

After the Treaty shall have come into force, the Treaty concluded between the High Contracting Parties on the 31st of March, 1874, shall be considered as cancelled, except as to any proceedings that may have been already taken or commenced in virtue thereof.

It may be terminated by either of the High Contracting Parties, on giving to the other Party six months' notice of its intention to terminate the same, but no such notice shall exceed the period of one year.

The Treaty shall be ratified, and the ratifications shall be exchanged at Berne as soon as possible.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

GOVERNMENT HOUSE, OTTAWA.

Friday, 17th day of June, 1881.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL
IN COUNCIL.

ON the recommendation of the Honorable the Acting Minister of Railways and Canals,—

His Excellency has been pleased to order, and it is hereby ordered, that section 19 of the existing Regulations governing the passage of vessels through the Government Canals and Locks, laid down by Order in Council on the 31st May, 1873, be, and the same is hereby amended by the cancellation of the first paragraph from the words "where several boats" to the words "vessels of all kinds" inclusively and the substitution therefor of the following, namely:—

Henceforward, in so far as regards priority of passage through the canals or locks of the Dominion, with the exception of the Welland Canal, for which special provision is made, in place of the existing classification there shall be only two recognized classes of vessels, namely,—

1st Class.—Composed of steamers whose machinery is described in the certificate of the Steamboat Inspector as suitable to be employed "in the carriage of passengers" in distinction to steamers whose machinery, etc., is described in such certificate as suitable to be employed "in the carriage of freight and passengers," also market steamers.

2nd Class.—Composed of all other vessels of what kind soever they may be.

Of these two classes of vessels, those of the 1st class shall have priority of passage over those of the

2nd class. Steamers carrying Her Majesty's Mails shall however continue, as at present, to take precedence over steamers carrying passengers only.

When several boats or vessels are lying by, or are waiting to enter any lock or canal, they shall lie in single tier and at a distance of not less than 300 feet from such lock, or entrance, and each boat or vessel, for the purpose of passing through, shall advance in the order in which it may be lying in such tier, except in the case of vessels of the first class, to which priority of passage is granted as above.

Should, however, any first class vessel for which at a certain fixed hour any lock is kept clear, not then enter such lock, vessels of the second class which may be in waiting, shall immediately have the use of the lock and continue so to use it until the delayed first class boat arrives.

His Excellency has been further pleased to order, and it is hereby ordered, that the Section of the existing Regulations, dealing with the overtaking of one vessel by another in the Canal, be, and the same is hereby amended so as to bar a fast vessel from attempting to pass one of speed slower than her own when nearing a lock, and that the following words be inserted in Section 21 of the said Canal regulations, immediately after the words "faster vessel to pass by" namely "unless within 300 yards of the wall of the lock towards which the vessels are progressing, in which case the faster vessel shall not attempt to pass."

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the

preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

MONSIEUR, — J'ai reçu ordre du comte de Granville de vous déclarer, pour l'information du comte de Kimberley, qu'un ordre en conseil a été adopté le 18 du mois courant, pour donner effet au traité réglant la reddition mutuelle des criminels fugitifs entre ce pays et la Suisse, lequel a été signé à Berne le 26 novembre 1881.

L'ordre en conseil a été publié dans la "London Gazette" du 20 courant, dont je vous inclus des copies; je dois ajouter que le traité viendra en opération en ce pays le 30 courant, en conformité de la stipulation contenue en l'article XIX.

Je suis, etc.,

(Signé) TENTERDEN.

Le Sous-secrétaire d'Etat,
Bureau Colonial, S. W.—
Cour de Windsor, le 18 mai 1881.

PRÉSENTS :

Sa Très Excellente Majesté la Reine.

Lord Président, | Le comte de Northbrook.
Lord Grand-Maitre, |

ATTENDU que par les actes d'extradition de 1870 et 1873, il est entr'autres choses établi que dans le cas où un arrangement aura été fait avec un Etat étranger pour la reddition à tel Etat de tout criminel fugitif, Sa Majesté pourra, par un ordre en conseil, déclarer que les dits actes s'appliqueront au cas de tel Etat étranger; et que Sa Majesté pourra, par le dit ordre ou tout autre ordre subséquent, limiter l'opération de l'ordre et restreindre ce dernier aux criminels fugitifs qui vivent ou sont soupçonnés de vivre dans la partie des possessions de Sa Majesté spécifiée dans le dit ordre, et soumettre l'opération du susdit ordre à telles conditions, exceptions et qualifications qui peuvent être jugées opportunes;

Et attendu qu'un traité a été conclu le vingt-sixième jour de novembre mil huit cent quatre vingt, entre Sa Majesté et le Conseil Fédéral Suisse, pour l'extradition mutuelle des criminels fugitifs, lequel traité est dans les termes suivants:—

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande et le Conseil Fédéral Suisse ayant jugé expédient en vue d'améliorer l'administration de la justice et de prévenir les crimes dans les territoires placés sous leurs juridictions respectives, de se livrer réciproquement, dans de certaines circonstances, les personnes accusées ou convaincues des crimes ci-après énumérés, et étant fugitives de la justice, ont nommé comme leurs Plénipotentiaires pour conclure un Traité à cette fin, savoir:

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, l'honorable Hussey Crespigny Vivian, Compagnon de l'Ordre très-honorable du Bain, ministre résidant de Sa Majesté dans la Confédération Suisse;

Et le Conseil Fédéral Suisse, son vice-président, F. Andervert, conseiller fédéral et chef du département de la Justice et de la paix;

Lesquels, après s'être donné communication l'un à l'autre de leurs pouvoirs respectifs, et les avoir trouvés en bonne et due forme, ont consenti et conclu les articles suivants.

ARTICLE I.

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande s'engage à livrer, dans les circonstances et aux conditions stipulées dans le présent traité, toutes les personnes, et le Conseil Fédéral Suisse s'engage à livrer, dans les mêmes circonstances et conditions, toutes les personnes, excepté les citoyens suisses, qui, ayant été accusés ou convaincus par les tribunaux de l'une des deux Hautes Parties contractantes des crimes et délits énumérés en l'article II, commis sur le territoire de l'une des parties seront trouvées sur le territoire de l'autre.

Dans le cas où le Conseil Fédéral serait incapable, à cause de son origine suisse, d'accorder l'extradition d'un individu, qui après avoir commis dans le Royaume-Uni l'un des crimes ou offenses énumérés en l'article II, se serait réfugié en Suisse, le Conseil Fédéral s'engage de donner effet légal à l'accusation et de poursuivre cette dernière contre lui suivant les lois du canton dont tel individu est originaire; et le gouvernement du Royaume-Uni s'engage à communiquer au Conseil Fédéral tous les documents, dépositions et preuves se rattachant à la cause et de faire exécuter gratuitement les commissions d'enquête dirigées par le juge suisse et transmises régulièrement par la voie diplomatique.

ARTICLE II.

Les crimes pour lesquels l'extradition sera accordée sont les suivants:

1. Meurtre (y compris l'infanticide) et tentative de meurtre.
2. Homicide.
3. Contrefaçon ou altération de monnaie, émission ou mise en circulation de monnaie contrefaite ou altérée.
4. Faux, ou contrefaçon, ou altération, ou émission de pièces forgées, contrefaites ou altérées; comprenant les crimes désignés dans le code pénal des deux états comme contrefaçon ou falsification de papier monnaie, billets de banque, ou autres garanties, faux ou falsification d'autres documents publics ou privés, de même que l'émission ou la mise en circulation ou l'usage volontaire de telles pièces contrefaites, forgées ou falsifiées.
5. Le détournement ou le vol.
6. L'obtention d'argent ou de marchandises sur de fausses représentations.
7. Les crimes contre la loi de banqueroute.
8. La fraude commise par un bailli, banquier, agent, facteur, syndic, ou directeur, ou membre, ou officier public de toute compagnie déclarée criminelle par toute loi en force à cette époque.
9. Le rapt.
10. L'enlèvement de mineurs.
11. Le vol ou l'enlèvement d'enfants.
12. Le vol avec effraction, ou l'entrée avec effraction avec intention criminelle.
13. L'incendiat.
14. Le vol avec violence.
15. Les menaces par lettre ou autrement avec l'intention d'extorquer.
16. Le parjure ou la subornation de parjure.
17. Le dommage malicieux à la propriété, si l'offense est sujette à une mise en accusation.

Il y aura également lieu à l'extradition dans le cas de toute participation dans l'un des crimes ci-dessus comme accessoire soit avant ou après le fait, pourvu que telle participation soit punissable par les lois des deux parties contractantes.

ARTICLE III.

Un criminel fugitif peut être arrêté dans l'un ou l'autre des deux pays au moyen d'un bref émis par un magistrat de police, juge de paix, ou autre autorité compétente, sur telle information ou plainte et telle preuve, ou après telles procédures qui pourraient dans l'opinion de l'autorité qui émet le bref justifier

l'émission de tel bref si le crime a été commis ou l'individu a été convaincu dans cette partie des territoires des deux parties contractantes où le magistrat ou juge de paix ou autre autorité compétente exerce sa juridiction : pourvu, cependant, que dans le Royaume-Uni l'accusé soit, dans ce cas, envoyé aussi vite que possible devant un magistrat de police à Londres.

Les demandes pour arrestation provisoire pourront être adressées par la poste ou par le télégraphe, pourvu qu'elles apparaissent être envoyées par quelque autorité judiciaire ou toute autre compétente. Ces demandes devront contenir en termes généraux une description du crime ou de l'offense, et une déclaration qu'un mandat a été accordé pour l'arrestation criminel et que son extradition sera demandée.

Ce dernier sera, en vertu de cet article, remis en liberté si, dans l'espace de trente jours, il n'a pas été fait une demande d'extradition par l'agent diplomatique du pays demandant sa reddition conformément aux stipulations de ce traité.

ARTICLE IV.

La demande d'extradition devra toujours être faite par la voie diplomatique et par exemple, en Suisse le ministre anglais au président de la Confédération, et dans le Royaume-Uni au secrétaire d'Etat pour les affaires étrangères par le consul-général suisse à Londres, qui, pour les fins de ce traité, est par les présentes reconnu par Sa Majesté comme un représentant diplomatique de la Suisse.

ARTICLE V.

Dans les possessions de Sa Majesté britannique, autres que les colonies ou possessions étrangères de Sa Majesté, la manière de procéder sera la suivante :

(a) Dans le cas d'une personne accusée—

La demande de reddition sera faite au principal secrétaire d'Etat pour les affaires étrangères de Sa Majesté par le représentant diplomatique de la Confédération suisse. La dite demande sera accompagnée d'un mandat d'arrestation, ou autre document judiciaire analogue, émis par un juge ou magistrat dûment autorisé à prendre connaissance des actes dont on accuse le prisonnier en Suisse, et de témoignages ou de déclaration pris sous serment ou déclarés solennellement être vrais, devant tel juge ou magistrat, dûment rendus authentiques, déclarant les dits actes et contenant une description de la personne réclamée et tous détails qui peuvent servir à l'identifier.

Le dit principal secrétaire d'Etat transmettra tels documents au principal secrétaire d'Etat pour le département de l'intérieur de Sa Majesté britannique lequel, par un ordre revêtu de son sceau et de sa signature, signifiera à un magistrat de police à Londres que telle demande a été faite et le requerra, s'il y a cause suffisante, d'émettre un mandat pour l'arrestation du fugitif. Sur la réception de tel ordre du secrétaire d'Etat, et sur la production de telle preuve qui pourrait, dans l'opinion du magistrat justifier l'émission du mandat d'arrestation si le crime avait été commis dans le Royaume-Uni, le dit magistrat émettra un mandat en conséquence.

Quand l'individu réclamé aura été arrêté, il sera conduit devant le magistrat qui a émis le mandat d'arrestation ou devant quelqu'autre magistrat de police à Londres. Si la preuve alors faite est telle qu'elle justifie, suivant la loi anglaise, la condamnation du prisonnier à subir un procès, si le crime dont ce dernier est accusé a été commis dans le Royaume-Uni, le magistrat de police le condamnera à être emprisonné pour attendre l'ordre du secrétaire d'Etat ordonnant de le livrer ; il devra envoyer immédiatement au secrétaire d'Etat un certificat de la sentence et un rapport concernant la cause.

A l'expiration d'une période, qui ne devra jamais être moindre que quinze jours à dater de la sentence portée contre le prisonnier, le secrétaire d'Etat ordonnera sous ses sceaux et sceau que le criminel fugitif soit dirigé sur tel port de mer, qui sera, dans chaque cas spécial, choisi pour sa reddition au gouvernement Suisse,

(b) Dans le cas d'une personne convaincue —

La procédure sera la même que dans le cas d'une personne accusée, excepté que le mandat d'arrestation qui devra être transmis par le représentant diplomatique de la Suisse à l'appui de sa demande alléguera clairement le crime ou l'offense dont la personne réclamée a été convaincue, et déclarera les lieu et date de sa conviction.

La preuve à être faite consistera dans la sentence finale portée contre la personne convaincue par la cour compétente de l'état qui demande son extradition.

(c.) Les personnes convaincues par jugement sur défaut ou par *arrêt de contumace* seront considérées, dans le cas d'extradition, comme des personnes accusées et pourront comme telles être livrées.

(d.) Après que le magistrat de police aura condamné la personne accusée ou convaincue à l'emprisonnement pour attendre l'ordre d'un secrétaire d'Etat ordonnant sa reddition, telle personne aura le droit de demander un bref d'*habeas corpus* ; si elle fait une telle demande, sa reddition devra être suspendue jusqu'après la décision de la cour sur le rapport du bref, et ne pourra même alors avoir si la décision est contraire à la demande du prisonnier. Dans ce dernier cas, la cour peut immédiatement ordonner que le prisonnier soit remis à la personne chargée de le recevoir sans attendre l'ordre du secrétaire d'Etat autorisant sa reddition, ou le condamner à l'emprisonnement en attendant l'émission de tel ordre.

ARTICLE VI.

En Suisse la manière de procéder sera la suivante :

La demande d'extradition d'une personne accusée devra être accompagnée d'une copie authentique du mandat d'arrestation émis par un officier compétent au magistrat, énonçant clairement le crime ou l'offense dont elle est accusée, en même temps qu'une information dûment légalisée faisant connaître les faits et la preuve sur lesquels le mandat d'arrestation a été émis.

Si la demande se rapporte à une personne déjà convaincue, elle devra être accompagnée d'une copie authentique de la sentence ou conviction, énonçant le crime ou l'offense dont elle a été convaincue.

La demande devra aussi être accompagnée d'une description de la personne réclamée, et, s'il est possible, de tous autres informations et détails qui peuvent servir à l'identifier.

Après avoir examiné ces documents, le Conseil Fédéral suisse les communiquera au gouvernement cantonal sur le territoire duquel la personne accusée aura été trouvée, afin qu'elle puisse être examinée par un officier de justice ou de police sur le contenu de tels documents.

Le gouvernement cantonal transmettra le *procès-verbal* de l'examen en même temps que tous les autres documents, accompagnés, s'il y a lieu, d'un rapport plus détaillé, au Conseil Fédéral, qui, après les avoir examinés et ne trouvant d'opposition d'aucun côté, accordera l'extradition et communiquera sa décision à la fois à la légation anglaise et au gouvernement cantonal en question ; à ce dernier pour qu'il puisse envoyer la personne qui doit être livrée à tel endroit sur la frontière et le livrer à tel officier de police étrangère qu'il plaira à la légation anglaise de nommer en chaque cas spécial.

Dans le cas où les documents fournis en vue de prouver les faits et d'établir l'identité de l'accusé, ou que les détails recueillis par les autorités Suisses sembleraient insuffisants, avis sera donné immédiatement au représentant diplomatique de la Grande-Bretagne afin qu'il puisse fournir de plus amples preuves. Si telle plus ample preuve n'est pas fournie dans un délai de quinze jours la personne arrêtée sera mise en liberté.

Dans le cas où l'application de ce traité serait contestée, le Conseil Fédéral Suisse transmettra les documents (dossier) au tribunal fédéral suisse, dont le devoir sera de décider d'une manière définitive si l'extradition sera accordée ou refusée.

Le Conseil Fédéral communiquera le jugement du tribunal fédéral à la légation anglaise. Si ce jugement accorde l'extradition, le Conseil Fédéral ordon-

nèra qu'il soit exécuté comme dans le cas où le Conseil Fédéral accorderait lui-même l'extradition. Si d'un autre côté le tribunal fédéral refuse l'extradition, le Conseil Fédéral ordonnera immédiatement la mise en liberté de l'accusé.

ARTICLE VII.

Dans les enquêtes qu'elles auront à faire en conformité des présentes stipulations, les autorités de l'état auquel on s'adresse admettront comme parfaitement valides les témoignages ou déclarations des témoins, qu'ils soient assermentés ou déclarés solennellement être vrais, pris dans l'autre état, ou copies d'icelles, de même que les mandats d'arrestation et les sentences émis dans la cause, ou copies d'iceux, pourvu que tels documents apparaissent avoir été signés et certifiés par un juge, magistrat ou officier de tel état et soient rendus authentiques par l'apposition du sceau officiel d'un secrétaire d'Etat anglais ou du chancelier de la Confédération suisse.

La comparution en personne des témoins ne sera requise que pour établir l'identité de la personne poursuivie avec celle arrêtée.

ARTICLE VIII.

S'il n'est pas fourni dans le délai de deux mois à dater du jour de l'arrestation une preuve suffisante pour autoriser l'extradition, la personne arrêtée sera mise en liberté.

ARTICLE IX.

Dans le cas où cela pourrait être nécessaire, le gouvernement suisse sera représenté dans les cours anglaises par les officiers en loi de la Couronne, et le gouvernement anglais dans les cours suisses par les autorités compétentes suisses.

Les gouvernements respectifs donneront dans les limites de leurs territoires l'aide nécessaire aux représentants de l'autre état qui demandent leur intervention pour la garde et l'arrestation des personnes sujettes à l'extradition.

Aucune réclamation ne pourra être faite par l'une ou l'autre des parties contractantes pour le remboursement des dépenses encourues dans l'aide mentionnée en cet article.

ARTICLE X.

Le présent traité s'appliquera aux crimes et offenses commis avant la signature du traité; mais aucune personne livrée ne sera mise en jugement pour un crime ou offense commis dans l'autre pays avant l'extradition, si ce n'est pour celui qui a fait accorder la reddition.

ARTICLE XI.

Un criminel fugitif ne sera pas livré si l'offense pour laquelle on demande sa reddition a un caractère politique, où s'il établit que la demande faite de sa reddition a de fait été faite pour le mettre en jugement et le punir d'une offense qui a un caractère politique.

ARTICLE XII.

L'extradition n'aura pas lieu si, subséquentement à la commission du crime, ou l'institution de la poursuite, ou la conviction qui aurait suivi cette dernière le prisonnier aura été exempté de la poursuite ou du châtimement suivant les lois de l'état auquel on se sera adressé.

ARTICLE XIII.

L'extradition n'aura pas lieu si la personne réclamée par le gouvernement du Royaume-Uni, ou si la personne réclamée par le gouvernement suisse a déjà été mise en jugement, acquittée ou punie, ou si elle est encore à subir son procès dans l'un des Cantons Suisses ou le Royaume-Uni respectivement, pour le crime qui a motivé la demande d'extradition.

ARTICLE XIV.

Si la personne réclamée par le gouvernement du Royaume-Uni, ou si la personne réclamée par le gouvernement Suisse est à subir une enquête ou a été condamnée pour tout autre crime, dans l'un des Cantons Suisses ou dans le Royaume-Uni respectivement, son extradition pourra être retardée jusqu'à ce quelle ait été mise en liberté suivant le cours de la loi.

Dans le cas où tel individu serait poursuivi dans le pays où il s'est réfugié pour des obligations contractées envers des particuliers, son extradition n'en aura pas moins lieu; la partie lésée conservant son droit de poursuivre sa réclamation devant l'autorité compétente.

ARTICLE XV.

Si l'individu réclamé par l'une des deux Hautes Parties contractantes en vertu du présent traité était aussi réclamé par une ou plusieurs autres puissances, pour d'autres crimes ou offenses commis sur leurs territoires respectifs, son extradition sera accordée à cet Etat dont la demande aura priorité de date.

ARTICLE XVI.

Tous les articles saisis, qui étaient en la possession de l'individu devant être livré, au moment de son arrestation devront, si l'autorité compétente de l'Etat auquel on demande l'extradition en a ordonné la livraison, être remis quand l'extradition a lieu, et la dite livraison ne s'étendra pas seulement aux articles volés mais à tous autres qui pourraient servir à établir le crime.

La livraison aura lieu même si l'extradition qui aura été accordée ne peut avoir lieu par suite de la fuite ou la mort de l'individu réclamé, à moins que les réclamations de tierces parties sur les articles ci-dessus mentionnés n'en rendent la livraison inopportune.

ARTICLE XVII.

Les parties contractantes renoncent à toute réclamation pour le remboursement des dépenses encourues par elles dans l'arrestation et la garde de la personne à être livrée, et son transport aux frontières de l'état auquel la demande d'extradition est faite; icelles consentant à se charger elles-mêmes de ces dépenses.

ARTICLE XVIII.

Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté britannique.

La demande de reddition d'un criminel fugitif qui s'est réfugié dans l'une de telles colonies ou possessions étrangères sera faite au gouverneur ou à l'autorité suprême de telle colonie ou possession par l'intermédiaire du consul suisse y résidant, ou, dans le cas où il n'y aurait pas de consul suisse, par l'intermédiaire de l'agent consulaire reconnu d'un autre état chargé des intérêts suisses dans la colonie ou possession en question.

Le gouverneur, ou la suprême autorité, ci-dessus mentionnés, décideront sur telles demandes en conformité, autant que possible, des dispositions du présent traité. Il sera libre, cependant, soit d'accorder l'extradition ou de déferer le cas à son gouvernement.

Sa Majesté britannique sera libre, cependant, de faire des arrangements spéciaux dans les colonies anglaises et possessions étrangères pour la reddition de tels individus qui auraient commis en Suisse l'un des crimes ci-dessus mentionnés et qui se seraient réfugiés dans telles colonies et possessions étrangères, cela, autant que possible, en conformité des dispositions du présent traité.

La demande de reddition d'un criminel fugitif dans une colonie ou possession étrangère de Sa Majesté britannique sera régie par les règles contenues dans les articles précédents du présent traité.

ARTICLE XIX.

Le présent traité viendra en force dix jours après sa publication en conformité des formes prescrites par les lois des Hautes Parties contractantes.

Après que le traité sera devenu en force, le traité conclu entre les Hautes Parties contractantes le 31 mars 1874 sera considéré comme annulé, excepté pour les procédures qui pourraient déjà avoir été prises ou commencées en vertu d'icelui.

L'une ou l'autre des Hautes Parties contractantes pourra y mettre fin en donnant à l'autre partie, six mois à l'avance, avis de son intention d'y mettre fin, mais aucun tel avis ne devra excéder la période d'un an.

Le traité sera ratifié, et la ratification sera échangée à Berne aussitôt que possible.

En foi de quoi les Plénipotentiaires respectifs ont signé le présent et y ont apposé le sceau de leurs armes.

Donné à Berne le vingt-sixième jour de novembre, dans l'année de Notre-Seigneur mil huit cent quatre-vingt.

[L.S.] C. VIVIAN.

[L.S.] ANDERWERT.

Et attendu que les ratifications du dit traité ont été échangées à Berne, le quinzième jour de mars, mil huit cent quatre-vingt-un.

C'est pourquoi maintenant, Sa Majesté, par et de l'avis de Son Conseil Privé et en vertu de l'autorité à Elle conférée par les dits actes précités, ordonne, et il est par le présent ordonné, que depuis et après le trentième jour de mai, mil huit cent quatre-vingt un, les dits actes s'appliqueront au cas du dit traité avec le Conseil Fédéral Suisse.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Vendredi, 17e jour de juin 1881.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

SUR la recommandation de l'honorable ministre des chemins de fer et canaux,—

Il a plu à Son Excellence d'ordonner et il est par ses présentes ordonné que la section 19e des règlements qui régissent actuellement le passage des navires à travers les canaux et écluses du gouvernement, déterminée par un ordre en conseil le 31 mai 1873, soit et est par les présentes amendée en supprimant le premier paragraphe depuis les mots "où plusieurs bâtiments" jusqu'aux mots "bâtiments de toute sorte" inclusivement, et en y substituant la suivante, savoir,—

A l'avenir pour ce qui concerne la priorité de passage dans les canaux ou écluses du Canada, à l'exception du canal Welland auquel il est pourvu spécialement, il n'y aura plus que deux classes de bâtiments au lieu de celles qui existent actuellement, savoir :

1re classe.—Comprenant les vapeurs dont la machine, etc., est décrite dans le certificat de l'inspecteur des bateaux à vapeur comme pouvant être employée "au transport des passagers" pour les distinguer des vapeurs dont la machine, etc., est décrite dans tel certificat comme pouvant être employée "au transport du fret et des passagers," et de plus les bateaux passeurs.

2me classe.—Comprenant tous les autres bâtiments de quelque espèce qu'ils soient.

De ces deux classes de navires, ceux de la première auront priorité de passage sur ceux de la seconde classe ; les bateaux à vapeur transportant les malles de Sa Majesté continueront cependant comme à présent d'avoir préséance sur les bateaux à vapeur qui ne transportent que des passagers.

Lorsque plusieurs bâtiments ou navires sont réunis, ou attendent pour entrer dans un canal ou une écluse, ils devront se tenir en une seule rangée et à une distance de pas moins de 300 pieds de telle écluse ou entrée, et chaque bâtiment ou navire devra pour y passer avancer dans l'ordre qu'il occupe sur la

file, excepté dans le cas des navires de la première classe auxquels priorité de passage est accordée tel que dit ci dessus.

Dans le cas, cependant, où un navire de la première classe, pour lequel une écluse serait tenue ouverte à une heure fixe, manquerait d'y entrer, les navires de la seconde classe qui attendent leur tour pourront se servir de telle écluse et continuer de s'en servir jusqu'à ce que le navire de la première classe en retard soit arrivé.

Il a plu en outre à Son Excellence d'ordonner, et il est par les présentes ordonné que la section des règlements actuels concernant la lutte de vitesse que peuvent se faire les bâtiments dans le canal soit amendée, et la dite section est par les présentes amendée de telle sorte qu'il sera défendu à un bâtiment de course rapide de dépasser un bâtiment de course moins rapide lorsqu'ils approchent d'une écluse, et que les mots suivants soient insérés dans la section 21 des dits règlements concernant les canaux, immédiatement après les mots "le vaisseau plus rapide devant passer à côté," savoir, "à moins que ce ne soit dans les 300 verges qui séparent du mur de l'écluse vers laquelle se dirigent les bâtiments, et dans ce cas le vaisseau le plus rapide n'essayera pas de passer."

J. O. COTÉ,

Greffier du Conseil Privé.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

The Under Secretary of State

At the Court at Windsor, the 18th day of May, 1881.

PRESENT:

The QUEEN's Most Excellent Majesty.

Lord President.

Earl of Northbrook.

Lord Steward.

WHEREAS by the Extradition Acts of 1870 and 1873, it was amongst other things enacted, that where an arrangement has been made with any

foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State ; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and under the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient :

And whereas a Treaty was concluded on the twenty-sixth day of November, one thousand eight hundred and eighty, between Her Majesty and the Swiss Federal Council, for the Mutual Extradition of Fugitive Criminals, which Treaty is in the terms following :—

HER Majesty the Queen of the United Kingdom of Great Britain and Ireland and the Swiss Federal Council having judged it expedient, with a view to the better administration of justice, and to the prevention of crime within their respective territories and jurisdictions, that persons charged with, or convicted of, the crimes hereinafter enumerated, and being fugitives from justice, should, under certain circumstances, be reciprocally delivered up, have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say :

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, the Honourable Hussey Crespigny Vivian, a Companion of Her Most Honourable Order of the Bath, Her Majesty's Minister Resident to the Swiss Confederation ;

And the Swiss Federal Council, its Vice-President, F. Anderwert, Federal Councillor and Chief of the Federal Department of Justice and Police ;

Who, after having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles :—

ARTICLE I.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland engages to deliver up, under the circumstances and on the conditions stipulated in the present Treaty, all persons, and the Swiss Federal Council engages to deliver up, under the like circumstances and conditions, all persons, excepting Swiss citizens who, having been charged with, or convicted by the Tribunals of one of the two High Contracting Parties of the crimes or offenses enumerated in Article II, committed on the territory of the one party, shall be found within the territory of the other.

In the event of the Federal Council being unable, by reason of his Swiss nationality, to grant the extradition of an individual, who after having committed in the United Kingdom one of the crimes or offenses enumerated in Article II, should have taken refuge in Switzerland, the Federal Council engages to give legal effect to and prosecute the charge against him according to the laws of the Canton of his origin ; and the Government of the United Kingdom engages to communicate to the Federal Council all documents, depositions, and proofs relating to the case, and to cause the commissions of examination directed by the Swiss Judge, and transmitted through the proper Diplomatic channel, to be executed gratuitously.

ARTICLE II.

The crimes for which the extradition is to be granted are the following :—

1. Murder (including infanticide) and attempt to murder.

2. Manslaughter.

3. Counterfeiting or altering money, uttering or bringing into circulation counterfeit or altered money.

4. Forgery, or counterfeiting, or altering, or uttering what is forged, or counterfeited, or altered ; comprehending the crimes designated in the Penal Codes of both States as counterfeiting or falsification of paper money, bank notes, or other securities, forgery, or falsification of other public or private

documents, likewise the uttering or bringing into circulation, or wilfully using such counterfeited, forged, or falsified papers.

5. Embezzlement or larceny.

6. Obtaining money or goods by false pretences.

7. Crimes against bankruptcy law.

8. Fraud committed by a baillie, banker, agent, factor, trustee, or director, or member or public officer of any Company made criminal by any law for the time being in force.

9. Rape.

10. Abduction of minors.

11. Child stealing or kidnapping.

12. Burglary, or house breaking, with criminal intent.

13. Arson.

14. Robbery with violence.

15. Threats by letter or otherwise with intent to extort.

16. Perjury or subornation of perjury.

17. Malicious injury to property, if the offence be indictable.

The extradition is also to take place for participation in any of the aforesaid crimes, as an accessory before or after the fact, provided such participation be punishable by the laws of both Contracting Parties.

ARTICLE III.

A fugitive criminal may be apprehended in either country under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the authority issuing the warrant, justify the issue of a warrant if the crime had been committed or the person convicted in that part of the dominions of the two Contracting Parties in which the Magistrate, Justice of the Peace, or other competent authority exercises jurisdiction : provided, however, that, in the United Kingdom, the accused shall, in such case, be sent as speedily as possible before a Magistrate in London.

Requisitions for provisional arrest may be addressed by post or by telegraph, provided they purport to be sent by some judicial or other competent authority. Such requisitions must contain a description in general terms of the crime or offence, and a statement that a warrant has been granted for the arrest of the criminal, and that his extradition will be demanded.

He shall, in accordance with this Article, be discharged, as well in the United Kingdom as in Switzerland, if within the term of thirty days a requisition for extradition shall not have been made by the Diplomatic Agent of the country claiming his surrender in accordance with the stipulations of this Treaty.

ARTICLE IV.

The requisition for extradition must always be made by the way of diplomacy, and to wit, in Switzerland by the British Minister to the President of the Confederation, and in the United Kingdom to the Secretary of State for Foreign Affairs by the Swiss Consul-General in London, who, for the purposes of this Treaty, is hereby recognized by Her Majesty as a Diplomatic Representative of Switzerland.

ARTICLE V.

In the dominions of Her Britannic Majesty, other than the Colonies or foreign possessions of Her Majesty, the manner of proceeding shall be as follows :—

(a.) In the case of a person accused—

The requisition for the surrender shall be made to Her Britannic Majesty's Principal Secretary of State for Foreign Affairs by the Diplomatic Representative of the Swiss Confederation. The said demand shall be accompanied by a warrant of arrest, or other equivalent judicial document, issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Switzerland, and

guly authenticated depositions or statements taken on oath, or solemnly declared to be true, before such Judge or Magistrate, clearly setting forth the said acts, and containing a description of the person claimed, and any particulars which may serve to identify him.

The said Principal Secretary of State shall transmit such documents to Her Britannic Majesty's Principal Secretary of State for the Home Department, who shall then, by order under his hand and seal, signify to some Police Magistrate in London that such requisition has been made, and require him, if there be due cause, to issue his warrant for the apprehension of the fugitive. On the receipt of such order from the Secretary of State, and on the production of such evidence as would, in the opinion of the Magistrate, justify the issue of the warrant if the crime had been committed in the United Kingdom, he shall issue his warrant accordingly.

When the person claimed shall have been apprehended, he shall be brought before the Magistrate who issued the warrant, or some other Police Magistrate in London. If the evidence to be then produced shall be such as to justify, according to the law of England, the committal for trial of the prisoner, if the crime of which he is accused had been committed in the United Kingdom, the Police Magistrate shall commit him to prison to await the warrant of the Secretary of State for his surrender; sending immediately to the Secretary of State a certificate of the committal and a report upon the case.

After the expiration of a period from the committal of the prisoner, which shall never be less than fifteen days, the Secretary of State shall, by order under his hand and seal, order the fugitive criminal to be sent to such seaport town as shall, in each special case, be selected for his delivery to the Swiss Government.

(b.) In the case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the warrant to be transmitted by the Diplomatic Representative of Switzerland in support of his requisition shall clearly set forth the crime or offence of which the person claimed has been convicted, and state the place and date of his conviction.

The evidence to be produced shall consist of the penal sentence passed against the convicted person by the competent Court of the State claiming his extradition.

(c.) Persons convicted by judgment in default or *arrêt de contumace* shall be, in the matter of extradition, considered as persons accused, and may, as such, be surrendered.

(d.) After the Police Magistrate shall have committed the accused or convicted person to prison to await the order of a Secretary of State for his surrender, such person shall have the right to apply for a writ of *habeas corpus*; if he should so apply, his surrender must be deferred until after the decision of the Court upon the return to the writ, and even then can only take place if the decision is adverse to the applicant. In the latter case, the Court may at once order his delivery to the person authorised to receive him, without waiting for the order of a Secretary of State for his surrender, or commit him to prison to await such order.

ARTICLE VI.

In Switzerland the manner of proceeding shall be as follows:

The requisition for the extradition of an accused person must be accompanied by an authentic copy of the warrant of arrest, issued by a competent official or Magistrate, clearly setting forth the crime or offence of which he is accused, together with a properly legalized information setting forth the facts and evidence upon which the warrant was granted.

If the requisition relates to a person already convicted, it must be accompanied by an authentic copy of the sentence or conviction, setting forth the crime or offence of which he has been convicted.

The requisition must also be accompanied by a description of the person claimed, and if it be possible, by other information and particulars which may serve to identify him.

After having examined these documents, the Swiss Federal Council shall communicate them to the Cantonal Government in whose territory the person charged is found in order that he may be examined by a judicial or police officer on the subject of their contents.

The Cantonal Government will transmit the *procès-verbal* of the examination, together with all the documents, accompanied, if there be one, by a more detailed report to the Federal Council, who, after having examined them, and there be no opposition on either side, will grant the extradition, and will communicate its decision both to the British Legation and to the Cantonal Government in question, to the latter in order that it may send the person to be surrendered to such place on the frontier, and deliver him to such foreign police authority as the British Legation may name in each special case.

Should the documents furnished with a view of proving the facts, or of establishing the identity of the accused, or the particulars collected by the Swiss authorities appear insufficient, notice shall be immediately given to the Diplomatic Representative of Great Britain, in order that he may furnish further evidence. If such further evidence be not furnished within fifteen days the person arrested shall be set at liberty.

In the event of the application of this Treaty being contested, the Swiss Federal Council will transmit the documents ("dossier") to the Swiss Federal Tribunal, whose duty it is to decide definitely the question whether extradition should be granted or refused.

The Federal Council will communicate the judgment of the Federal Tribunal to the British Legation. If this judgment grants the extradition the Federal Council will order its execution, as in the case when the Federal Council itself grants the extradition. If, on the other hand, the Federal Tribunal refuses the extradition, the Federal Council will immediately order the person accused to be set at liberty.

ARTICLE VII.

In the examinations which they have to make in accordance with the foregoing stipulations, the authorities of the State applied to shall admit as entirely valid evidence the depositions or statement of witnesses, either sworn or solemnly declared to be true, taken in the other State, or copies thereof, and likewise the warrants and sentences issued therein, or copies thereof, provided such documents purport to be signed or certified by a Judge, Magistrate, or officer of such State, and are authenticated by the official seal of a British Secretary of State, or of the Chancellor of the Swiss Confederation, being affixed thereto.

The personal attendance of witnesses can be required only to establish the identity of the person who is being proceeded against with that of the person arrested.

ARTICLE VIII.

If proof sufficient to warrant the extradition be not furnished within two months from the day of the apprehension, the person arrested shall be discharged from custody.

ARTICLE IX.

In cases where it may be necessary, the Swiss Government shall be represented at the English Courts by the Law Officers of the Crown, and the English Government in the Swiss Courts by the competent Swiss authorities.

The respective Governments will give the necessary assistance within their territories to the Representatives of the other State who claim their intervention for the custody and security of the persons subject to extradition.

No claim for the repayment of expenses for the assistance mentioned in this Article shall be made by either of the Contracting Parties.

ARTICLE X.

The present Treaty shall apply to crimes and offenses committed prior to the signature of the Treaty; but a person surrendered shall not be tried for any crime or offence committed in the other country before the extradition other than the crime for which his surrender has been granted.

ARTICLE XI.

A fugitive criminal shall not be surrendered if the offence in respect of which his surrender is demanded is one of a political character, or if he prove that the requisition for his surrender has, in fact, been made with a view to try and punish him for an offence of a political character.

ARTICLE XII.

The extradition shall not take place if, subsequently to the commission of the crime, or the institution of the penal prosecution, or the conviction thereon, exemption from prosecution or punishment has been acquired according to the laws of the State applied to.

ARTICLE XIII.

The extradition shall not take place if the person claimed on the part of the Government of the United Kingdom, or the person claimed on the part of the Swiss Government, has already been tried and discharged or punished, or is still under trial, in one of the Swiss Cantons or in the United Kingdom respectively, for the crime for which his extradition is demanded.

ARTICLE XIV.

If the person claimed on the part of the Government of the United Kingdom, or if the person claimed on the part of the Swiss Government, should be under examination, or have been condemned for any other crime, in one of the Swiss Cantons or in the United Kingdom respectively, his extradition may be deferred until he shall have been set at liberty in due course of law.

In case such individual should be proceeded against in the country in which he has taken refuge, on account of obligations contracted towards private individuals, his extradition shall, nevertheless, take place; the injured party retaining his right to prosecute his claims before the competent authority.

ARTICLE XV.

If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes or offences committed upon their respective territories, his extradition shall be granted to that State whose demand is earliest in date.

ARTICLE XVI.

All articles seized, which were in the possession of the person to be surrendered at the time of his apprehension, shall, if the competent authority of the State applied to for the extradition has ordered the delivery thereof, be given up when the extradition takes place, and the said delivery shall extend not merely to the stolen articles, but to everything that may serve as a proof of the crime.

This delivery shall take place even when the extradition, after having been granted, cannot be carried out by reason of the escape or death of the individual claimed, unless the claims of third parties with regard to the above-mentioned articles render such delivery inexpedient.

ARTICLE XVII.

The contracting parties renounce any claim for the reimbursement of the expenses incurred by them in the arrest and maintenance of the person to be surrendered, and his conveyance to the frontiers of the State to which the requisition is made; they reciprocally agree to bear such expenses themselves.

ARTICLE XVIII.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign possessions of Her Britannic Majesty.

The requisition for the surrender of a fugitive criminal who has taken refuge in any of such Colonies or foreign possessions, shall be made to the Governor or to the supreme authority of such Colony or possession through the Swiss Consul residing there, or, in case there should be no Swiss Consul, through the recognized Consular Agent of another State charged with the Swiss interests in the Colony or possession in question.

The Governor or supreme authority above-mentioned shall decide with regard to such requisitions as nearly as possible in accordance with the provisions of the present Treaty. He will, however, be at liberty either to consent to the extradition or report the case to his Government.

Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign possessions for the surrender of such individuals as shall have committed in Switzerland any of the crimes hereinbefore mentioned, who may take refuge within such Colonies and foreign possessions, on the basis, as nearly as may be, of the provisions of the present Treaty.

The requisition for the surrender of a fugitive criminal from any Colony or foreign possession of Her Britannic Majesty shall be governed by the rules laid down in the preceding Articles of the present Treaty.

ARTICLE XIX.

The present Treaty shall come into force ten days after its publication in conformity with the forms prescribed by the laws of the High Contracting Parties.

After the Treaty shall have come into force, the Treaty concluded between the High Contracting Parties on the 31st of March, 1874, shall be considered as cancelled, except as to any proceedings that may have been already taken or commenced in virtue thereof.

It may be terminated by either of the High Contracting Parties, on giving to the other Party six months' notice of its intention to terminate the same, but no such notice shall exceed the period of one year.

The Treaty shall be ratified, and the ratifications shall be exchanged at Berne as soon as possible.

In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seal of their arms.

Done at Berne, the twenty-sixth day of November, in the year of Our Lord one thousand eight hundred and eighty.

(L.S.) C. VIVIAN.
(L.S.) ANDERWERT.

And whereas the ratifications of the said Treaty were exchanged at Berne on the fifteenth day of March, one thousand eight hundred and eighty-one.

Now, therefore, Her Majesty, by and with the advice of Her Privy Council, and in virtue of the authority committed to Her by the said recited Acts, doth order, and it is hereby ordered, that from and after the thirtieth day of May, one thousand eight hundred and eighty-one, the said Acts shall apply in the case of the said Treaty with the Swiss Federal Council.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the

preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. MONSIEUR, - J'ai reçu ordre du comte de Granville de vous déclarer, pour l'information du comte de

Kimberley, qu'un ordre en conseil a été adopté le 18 du mois courant, pour donner effet au traité réglant la reddition mutuelle des criminels fugitifs entre ce pays et la Suisse, lequel a été signé à Berne le 26 novembre 1881.

L'ordre en conseil a été publié dans la "London Gazette" du 20 courant, dont je vous inclus des copies; je dois ajouter que le traité viendra en opération en ce pays le 30 courant, en conformité de la stipulation contenue en l'article XIX.

Je suis, etc.,

(Signé) TENTERDEN.

Le Sous-secrétaire d'Etat,

Bureau Colonial, S. W.

Cour de Windsor, le 18 mai 1881.

PRÉSENTS :

Sa Très Excellente Majesté la Reine.

Lord Président,
Lord Grand-Maitre,

Le comte de Northbrook.

ATTENDU que par les actes d'extradition de 1870 et 1873, il est entr'autres choses établi que dans le cas où un arrangement aura été fait avec un Etat étranger pour la reddition à tel Etat de tout criminel fugitif, Sa Majesté pourra, par un ordre en conseil, déclarer que les dits actes s'appliqueront au cas de tel Etat étranger; et que Sa Majesté pourra, par le dit ordre ou tout autre ordre subséquent, limiter l'opération de l'ordre et restreindre ce dernier aux criminels fugitifs qui vivent ou sont soupçonnés de vivre dans la partie des possessions de Sa Majesté spécifiée dans le dit ordre, et soumettre l'opération du susdit ordre à telles conditions, exceptions et qualifications qui peuvent être jugées opportunes;

Et attendu qu'un traité a été conclu le vingt-sixième jour de novembre mil huit cent quatre-vingt, entre Sa Majesté et le Conseil Fédéral Suisse, pour l'extradition mutuelle des criminels fugitifs, lequel traité est dans les termes suivants:—

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande et le Conseil Fédéral Suisse ayant jugé expédient en vue d'améliorer l'administration de la justice et de prévenir les crimes dans les territoires placés sous leurs juridictions respectives, de se livrer réciproquement, dans de certaines circonstances, les personnes accusées ou convaincues des crimes ci-après énumérés, et étant fugitives de la justice, ont nommé comme leurs Plénipotentiaires pour conclure un Traité à cette fin, savoir:

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande, l'honorable Hussey Crespigny Vivian, Compagnon de l'Ordre très-honorable du Bain, ministre résidant de Sa Majesté dans la Confédération Suisse;

Et le Conseil Fédéral Suisse, son vice-président, F. Andervert, conseiller fédéral et chef du département de la Justice et de la paix;

Lesquels, après s'être donné communication l'un à l'autre de leurs pouvoirs respectifs, et les avoir trouvés en bonne et due forme, ont consenti et conclu les articles suivants.

ARTICLE I.

Sa Majesté la Reine du Royaume-Uni de la Grande-Bretagne et d'Irlande s'engage à livrer, dans les circonstances et aux conditions stipulées dans le présent traité, toutes les personnes, et le Conseil Fédéral Suisse s'engage à livrer, dans les mêmes circonstances et conditions, toutes les personnes, excepté les citoyens suisses, qui, ayant été accusés ou convaincus par les tribunaux de l'une des deux Hautes Parties contractantes des crimes et offenses énumérés en l'article II, commis sur le territoire de l'une des parties seront trouvées sur le territoire de l'autre.

Dans le cas où le Conseil Fédéral serait incapable, à cause de son origine suisse, d'accorder l'extradition d'un individu, qui après avoir commis dans le Royaume-Uni l'un des crimes ou offenses énumérés en l'article II, se serait réfugié en Suisse, le Conseil Fédéral s'engage de donner effet légal à l'accusation et de poursuivre cette dernière contre lui suivant les lois du canton dont tel individu est originaire; et le gouvernement du Royaume-Uni s'engage à communiquer

au Conseil Fédéral tous les documents, dépositions et preuves se rattachant à la cause et de faire exécuter gratuitement les commissions d'enquête dirigées par le juge suisse et transmises régulièrement par la voie diplomatique.

ARTICLE II.

Les crimes pour lesquels l'extradition sera accordée sont les suivants :

1. Meurtre (y compris l'infanticide) et tentative de meurtre.

2. Homicide.

3. Contrefaçon ou altération de monnaie, émission ou mise en circulation de monnaie contrefaite ou altérée.

4. Faux, ou contrefaçon, ou altération, ou émission de pièces forgées, contrefaites ou altérées ; comprenant les crimes désignés dans le code pénal des deux états comme contrefaçon ou falsification de papier monnaie, billets de banque, ou autres garanties, faux ou falsification d'autres documents publics ou privés, de même que l'émission ou la mise en circulation ou l'usage volontaire de telles pièces contrefaites, forgées ou falsifiées.

5. Le détournement ou le vol.

6. L'obtention d'argent ou de marchandises sur de fausses représentations.

7. Les crimes contre la loi de banqueroute.

8. La fraude commise par un bailli, banquier, agent, facteur, syndic, ou directeur, ou membre, ou officier public de toute compagnie déclarée criminelle par toute loi en force à cette époque.

9. Le rapt.

10. L'enlèvement de mineurs

11. Le vol ou l'enlèvement d'enfants.

12. Le vol avec effraction, ou l'entrée avec effraction avec intention criminelle.

13. L'incendiat.

14. Le vol avec violence.

15. Les menaces par lettre ou autrement avec l'intention d'extorquer.

16. Le parjure ou la subornation de parjure.

17. Le dommage malicieux à la propriété, si l'offense est sujette à une mise en accusation.

Il y aura également lieu à l'extradition dans le cas de toute participation dans l'un des crimes ci-dessus comme accessoire soit avant ou après le fait, pourvu que telle participation soit punissable par les lois des deux parties contractantes.

ARTICLE III.

Un criminel fugitif peut être arrêté dans l'un ou l'autre des deux pays au moyen d'un bref émis par un magistrat de police, juge de paix, ou autre autorité compétente, sur telle information ou plainte et telle preuve, ou après telles procédures qui pourraient dans l'opinion de l'autorité qui émet le bref justifier l'émission de tel bref si le crime a été commis ou l'individu a été convaincu dans cette partie des territoires des deux parties contractantes où le magistrat ou juge de paix ou autre autorité compétente exerce sa juridiction : pourvu, cependant, que dans le Royaume-Uni l'accusé soit, dans ce cas, envoyé aussi vite que possible devant un magistrat de police à Londres.

Les demandes pour arrestation provisoire pourront être adressées par la poste ou par le télégraphe, pourvu qu'elles apparaissent être envoyées par quelque autorité judiciaire ou toute autre compétente. Ces demandes devront contenir en termes généraux une description du crime ou de l'offense, et une déclaration qu'un mandat a été accordé pour l'arrestation criminel et que son extradition sera demandée.

Ce dernier sera, en vertu de cet article, remis en liberté si, dans l'espace de trente jours, il n'a pas été fait une demande d'extradition par l'agent diplomatique du pays demandant sa reddition conformément aux stipulations de ce traité.

ARTICLE IV.

La demande d'extradition devra toujours être faite par la voie diplomatique et par exemple, en Suisse le ministre anglais au président de la Confédération,

et dans le Royaume-Uni au secrétaire d'Etat pour les affaires étrangères par le consul-général suisse à Londres, qui, pour les fins de ce traité, est par les présentes reconnu par Sa Majesté comme un représentant diplomatique de la Suisse.

ARTICLE V.

Dans les possessions de Sa Majesté britannique, autres que les colonies ou possessions étrangères de Sa Majesté, la manière de procéder sera la suivante :

(a) Dans le cas d'une personne accusée.—

La demande de reddition sera faite au principal secrétaire d'Etat pour les affaires étrangères de Sa Majesté par le représentant diplomatique de la Confédération suisse. La dite demande sera accompagnée d'un mandat d'arrestation, ou autre document judiciaire analogue, émis par un juge ou magistrat dûment autorisé à prendre connaissance des actes dont on accuse le prisonnier en Suisse, et de témoignages ou de déclaration pris sous serment ou déclarés solennellement être vrais, devant tel juge ou magistrat, dûment rendus authentiques, déclarant les dits actes et contenant une description de la personne réclamée et tous détails qui peuvent servir à l'identifier.

Le dit principal secrétaire d'Etat transmettra tels documents au principal secrétaire d'Etat pour le département de l'intérieur de Sa Majesté britannique lequel, par un ordre revêtu de son sceau et de sa signature, signifiera à un magistrat de police à Londres que telle demande a été faite et le requerra, s'il y a cause suffisante, d'émettre un mandat pour l'arrestation du fugitif. Sur la réception de tel ordre du secrétaire d'Etat, et sur la production de telle preuve qui pourrait, dans l'opinion du magistrat justifier l'émission du mandat d'arrestation si le crime avait été commis dans le Royaume-Uni, le dit magistrat émettra un mandat en conséquence.

Quand l'individu réclamé aura été arrêté, il sera conduit devant le magistrat qui a émis le mandat d'arrestation ou devant quelqu'autre magistrat de police à Londres. Si la preuve alors faite est telle qu'elle justifie, suivant la loi anglaise, la condamnation du prisonnier à subir un procès, si le crime dont ce dernier est accusé a été commis dans le Royaume-Uni, le magistrat de police le condamnera à être emprisonné pour attendre l'ordre du secrétaire d'Etat ordonnant de le livrer ; il devra envoyer immédiatement au secrétaire d'Etat un certificat de la sentence et un rapport concernant la cause.

A l'expiration d'une période, qui ne devra jamais être moindre que quinze jours à dater de la sentence portée contre le prisonnier, le secrétaire d'Etat ordonnera sous ses sceaux et sceau que le criminel fugitif soit dirigé sur tel port de mer, qui sera, dans chaque cas spécial, choisi pour sa reddition au gouvernement Suisse.

(b) Dans le cas d'une personne convaincue.—

La procédure sera la même que dans le cas d'une personne accusée, excepté que le mandat d'arrestation qui devra être transmis par le représentant diplomatique de la Suisse à l'appui de sa demande alléguera clairement le crime ou l'offense dont la personne réclamée a été convaincue, et déclarera les lieu et date de sa conviction.

La preuve à être faite consistera dans la sentence finale portée contre la personne convaincue par la cour compétente de l'état qui demande son extradition.

(c.) Les personnes convaincues par jugement sur défaut ou par arrêt de contumace seront considérées, dans le cas d'extradition, comme des personnes accusées et pourront comme telles être livrées.

(d.) Après que le magistrat de police aura condamné la personne accusée ou convaincue à l'emprisonnement pour attendre l'ordre d'un secrétaire d'Etat ordonnant sa reddition, telle personne aura le droit de demander un bref d'*habeas corpus* ; si elle fait une telle demande, sa reddition devra être suspendue jusqu'après la décision de la cour sur le rapport du bref, et ne pourra même alors avoir si la décision est contraire à la demande du prisonnier. Dans ce dernier cas, la cour peut immédiatement ordonner que le prisonnier soit remis à la personne chargée de le recevoir sans attendre l'ordre du secrétaire d'Etat

autorisant sa reddition, ou le condamner à l'emprisonnement en attendant l'émission de tel ordre.

ARTICLE VI.

En Suisse la manière de procéder sera la suivante :

La demande d'extradition d'une personne accusée devra être accompagnée d'une copie authentique du mandat d'arrestation émis par un officier compétent au magistrat, énonçant clairement le crime ou l'offense dont elle est accusée, en même temps qu'une information dûment légalisée faisant connaître les faits et la preuve sur lesquels le mandat d'arrestation a été émis.

Si la demande se rapporte à une personne déjà convaincue, elle devra être accompagnée d'une copie authentique de la sentence ou conviction, énonçant le crime ou l'offense dont elle a été convaincue.

La demande devra aussi être accompagnée d'une description de la personne réclamée, et, s'il est possible, de tous autres informations et détail qui peuvent servir à l'identifier.

Après avoir examiné ces documents, le Conseil Fédéral suisse les communiquera au gouvernement cantonal sur le territoire duquel la personne accusée aura été trouvée, afin qu'elle puisse être examinée par un officier de justice ou de police sur le contenu de tels documents.

Le gouvernement cantonal transmettra le *procès-verbal* de l'examen en même temps que tous les autres documents, accompagnés, s'il y a lieu, d'un rapport plus détaillé, au Conseil Fédéral, qui, après les avoir examinés et ne trouvant d'opposition d'aucun côté, accordera l'extradition et communiquera sa décision à la fois à la légation anglaise et au gouvernement cantonal en question ; à ce dernier pour qu'il puisse envoyer la personne qui doit être livrée à tel endroit sur la frontière et le livrer à tel officier de police étrangère qu'il plaira à la légation anglaise de nommer en chaque cas spécial.

Dans le cas où les documents fournis en vue de prouver les faits et d'établir l'identité de l'accusé, ou que les détails recueillis par les autorités Suisses sembleraient insuffisants, avis sera donné immédiatement au représentant diplomatique de la Grande-Bretagne afin qu'il puisse fournir de plus amples preuves. Si telle plus ample preuve n'est pas fournie dans un délai de quinze jours la personne arrêtée sera mise en liberté.

Dans le cas où l'application de ce traité serait contestée, le Conseil Fédéral Suisse transmettra les documents (dossier) au tribunal fédéral suisse, dont le devoir sera de décider d'une manière définitive si l'extradition sera accordée ou refusée.

Le Conseil Fédéral communiquera le jugement du tribunal fédéral à la légation anglaise. Si ce jugement accorde l'extradition, le Conseil Fédéral ordonnera qu'il soit exécuté comme dans le cas où le Conseil Fédéral accorderait lui-même l'extradition. Si d'un autre côté le tribunal fédéral refuse l'extradition, le Conseil Fédéral ordonnera immédiatement la mise en liberté de l'accusé.

ARTICLE VII.

Dans les enquêtes qu'elles auront à faire en conformité des présentes stipulations, les autorités de l'état auquel on s'adresse admettront comme parfaitement valides les témoignages ou déclarations des témoins, qu'ils soient assermentés ou déclarés solennellement être vrais, pris dans l'autre état, ou copies d'icelles, de même que les mandats d'arrestation et les sentences émis dans la cause, ou copies d'iceux, pourvu que tels documents apparaissent avoir été signés et certifiés par un juge, magistrat ou officier de tel état et soient rendus authentiques par l'apposition du sceau officiel d'un secrétaire d'Etat anglais ou du chancelier de la Confédération suisse.

La comparution en personne des témoins ne sera requise que pour établir l'identité de la personne poursuivie avec celle arrêtée.

ARTICLE VIII.

S'il n'est pas fourni dans le délai de deux mois à dater du jour de l'arrestation une preuve suffisante

pour autoriser l'extradition, la personne arrêtée sera mise en liberté.

ARTICLE IX.

Dans le cas où cela pourrait être nécessaire, le gouvernement suisse sera représenté dans les cours anglaises par les officiers en loi de la Couronne, et le gouvernement anglais dans les cours suisses par les autorités compétentes suisses.

Les gouvernements respectifs donneront dans les limites de leurs territoires l'aide nécessaire aux représentants de l'autre état qui demandent leur intervention pour la garde et l'arrestation des personnes sujettes à l'extradition.

Aucune réclamation ne pourra être faite par l'une ou l'autre des parties contractantes pour le remboursement des dépenses encourues dans l'aide mentionnée en cet article.

ARTICLE X.

Le présent traité s'appliquera aux crimes et offenses commis avant la signature du traité ; mais aucune personne livrée ne sera mise en jugement pour un crime ou offense commis dans l'autre pays avant l'extradition, si ce n'est pour celui qui a fait accorder la reddition.

ARTICLE XI.

Un criminel fugitif ne sera pas livré si l'offense pour laquelle on demande sa reddition a un caractère politique, où s'il établit que la demande faite de sa reddition a de fait été faite pour le mettre en jugement et le punir d'une offense qui a un caractère politique.

ARTICLE XII.

L'extradition n'aura pas lieu si, subséquemment à la commission du crime, ou l'institution de la poursuite, ou la conviction qui aurait suivi cette dernière le prisonnier aura été exempté de la poursuite ou du châtiment suivant les lois de l'état auquel on se sera adressé.

ARTICLE XIII.

L'extradition n'aura pas lieu si la personne réclamée par le gouvernement du Royaume-Uni, ou si la personne réclamée par le gouvernement suisse a déjà été mise en jugement, acquittée ou punie, ou si elle est encore à subir son procès dans l'un des Cantons Suisses ou le Royaume-Uni respectivement, pour le crime qui a motivé la demande d'extradition.

ARTICLE XIV.

Si la personne réclamée par le gouvernement du Royaume-Uni, ou si la personne réclamée par le gouvernement Suisse est à subir une enquête ou a été condamnée pour tout autre crime, dans l'un des Cantons Suisses ou dans le Royaume-Uni respectivement, son extradition pourra être retardée jusqu'à ce quelle ait été mise en liberté suivant le cours de la loi.

Dans le cas où tel individu serait poursuivi dans le pays où il s'est réfugié pour des obligations contractées envers des particuliers, son extradition n'en aura pas moins lieu ; la partie lésée conservant son droit de poursuivre sa réclamation devant l'autorité compétente.

ARTICLE XV.

Si l'individu réclamé par l'une des deux Hautes Parties contractantes en vertu du présent traité était aussi réclamé par une ou plusieurs autres puissances, pour d'autres crimes ou offenses commis sur leurs territoires respectifs, son extradition sera accordée à cet Etat dont la demande aura priorité de date.

ARTICLE XVI.

Tous les articles saisis, qui étaient en la possession de l'individu devant être livré, au moment de son arrestation devront, si l'autorité compétente de l'Etat auquel on demande l'extradition en a ordonné la livraison, être remis quand l'extradition a lieu, et la dite livraison ne s'étendra pas seulement aux articles

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Mardi, le 12e jour de juillet 1881.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

ATTENDU qu'il a été représenté par des intérêts sés que des bâtiments chargés de grain à destination du port de Montréal prennent fréquemment sur leurs ponts des chargements de phosphate et que, forcés qu'ils sont de se rendre immédiatement au port pour y décharger leur grain ils acquittent les droits de transit jusqu'à ce point et reviennent subsequmment dans le canal Lachine pour déposer leurs chargements de phosphate dans les entrepôts et paient une deuxième fois en vertu des règlements actuels les droits de canaux pour telle nouvelle entrée;

Et attendu qu'une difficulté semblable s'est présentée quant à ce qui concerne la mise en entrepôt du surplus d'un chargement de grain non requis pour expédition, et qu'un ordre en conseil a été adopté le 8 août 1878, exemptant de droits telle seconde entrée pour les fins indiquées,—

Son Excellence en conseil, sur la recommandation de l'honorable ministre agissant comme ministre des chemins de fer et canaux, a bien voulu ordonner, et il est par le présent ordonné que les bassins du canal Lachine dans les limites de la cité de Montréal seront à l'avenir considérés comme faisant partie du port de Montréal pour les fins du déchargement du phosphate transporté par les bâtiments en sus de leur chargement de grain tel que ci-dessus décrit, pourvu cependant que s'ils retournent au port pour y prendre un chargement tels navires soient frappés à leur seconde sortie du canal du droit ordinaire.

volés mais à tous autres qui pourraient servir à établir le crime.

La livraison aura lieu même si l'extradition qui aura été accordée ne peut avoir lieu par suite de la fuite ou la mort de l'individu réclamé, à moins que les réclamations de tierces parties sur les articles ci-dessus mentionnés n'en rendent la livraison inopportune.

ARTICLE XVII.

Les parties contractantes renoncent à toute réclamation pour le remboursement des dépenses encourues par elles dans l'arrestation et la garde de la personne à être livrée, et son transport aux frontières de l'état auquel la demande d'extradition est faite; icelles consentant à se charger elles-mêmes de ces dépenses.

ARTICLE XVIII.

Les stipulations du présent traité seront applicables aux colonies et possessions étrangères de Sa Majesté britannique.

La demande de reddition d'un criminel fugitif qui s'est réfugié dans l'une de telles colonies ou possessions étrangères sera faite au gouverneur ou à l'autorité suprême de telle colonie ou possession par l'intermédiaire du consul suisse y résidant, ou, dans le cas où il n'y aurait pas de consul suisse, par l'intermédiaire de l'agent consulaire reconnu d'un autre état chargé des intérêts suisses dans la colonie ou possession en question.

Le gouverneur, ou la suprême autorité, ci-dessus mentionnés, décideront sur telles demandes en conformité, autant que possible, des dispositions du présent traité. Il sera libre, cependant, soit d'accorder l'extradition ou de déférer le cas à son gouvernement.

Sa Majesté britannique sera libre, cependant, de faire des arrangements spéciaux dans les colonies anglaises et possessions étrangères pour la reddition de tels individus qui auraient commis en Suisse l'un des crimes ci-dessus mentionnés et qui se seraient réfugiés dans telles colonies et possessions étrangères, cela, autant que possible, en conformité des dispositions du présent traité.

La demande de reddition d'un criminel fugitif dans une colonie ou possession étrangère de Sa Majesté britannique sera régie par les règles contenues dans les articles précédents du présent traité.

ARTICLE XIX.

Le présent traité viendra en force dix jours après sa publication en conformité des formes prescrites par les lois des Hautes Parties contractantes.

Après que le traité sera devenu en force, le traité conclu entre les Hautes Parties contractantes le 31 mars 1874 sera considéré comme annulé, excepté pour les procédures qui pourraient déjà avoir été prises ou commencées en vertu d'icelui.

L'une ou l'autre des Hautes Parties contractantes pourra y mettre fin en donnant à l'autre partie, six mois à l'avance, avis de son intention d'y mettre fin, mais aucun tel avis ne devra excéder la période d'un an.

Le traité sera ratifié, et la ratification sera échangée à Berne aussitôt que possible.

En foi de quoi les Plénipotentiaires respectifs ont signé le présent et y ont apposé le sceau de leurs armes.

Donné à Berne le vingt-sixième jour de novembre, dans l'année de Notre-Seigneur mil huit cent quatre-vingt.

Et attendu que les ratifications du dit traité ont été échangées à Berne, le quinzième jour de mars, mil huit cent quatre-vingt-un.

C'est pourquoi maintenant, Sa Majesté, par et de l'avis de Son Conseil Privé et en vertu de l'autorité à Elle conférée par les dits actes précités, ordonne, et il est par le présent ordonné, que depuis et après le trentième jour de mai, mil huit cent quatre-vingt-un, les dits actes s'appliqueront au cas du dit traité avec le Conseil Fédéral Suisse.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

ROBERT LEMOINE,

Greffier du Sénat.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL

WHEREAS representations have been made by parties interested, showing that vessels laden with grain for delivery in Montreal Harbor frequently carry also deck loads of phosphates, and that being compelled to proceed at once to the Harbor for the discharge of the grain they pay tolls through to that point, subsequently re-entering the Lachine Canal for the storage of the phosphates, and in accordance with the existing regulations paying Canal dues a second time for such re-entry ;

And whereas a similar difficulty having been experienced with regard to the storage of surplus grain not required for shipment, an Order in Council was passed on the 8th of August 1878 allowing re-entry free of tolls for the purpose indicated,—

His Excellency in Council, on the recommendation of the Honorable the Acting Minister of Railways and Canals, has been pleased to order, and it is hereby ordered, that the Lachine Canal Basins within the Montreal City limits be henceforward considered as part of the Montreal Harbor for the purpose of the unloading of phosphates carried by vessels in addition to their grain cargoes as above described, it being, however, provided that in the event of their returning to the Harbor to take cargo the usual toll shall be charged against such vessels on their passing out of the Canal the second time.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Mardi, le 12e jour de juillet 1881.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL
EN CONSEIL.

ATTENDU qu'il a été représenté par des intéressés que des bâtiments chargés de grain à destination du port de Montréal prennent fréquemment sur leurs ponts des chargements de phosphate et que, forcés qu'ils sont de se rendre immédiatement au port pour y décharger leur grain ils acquittent les droits de transit jusqu'à ce point et reviennent subseqüemment dans le canal Lachine pour déposer leurs chargements de phosphate dans les entrepôts et paient une deuxième fois en vertu des règlements actuels les droits de canaux pour telle nouvelle entrée;

Et attendu qu'une difficulté semblable s'est présentée quant à ce qui concerne la mise en entrepôt du surplus d'un chargement de grain non requis pour expédition, et qu'un ordre en conseil a été adopté le 8 août 1878, exemptant de droits telle seconde entrée pour les fins indiquées,—

Son Excellence en conseil, sur la recommandation de l'honorable ministre agissant comme ministre des chemins de fer et canaux, a bien voulu ordonner et il est par le présent ordonné que les bassins du canal Lachine dans les limites de la cité de Montréal seront à l'avenir considérés comme faisant partie du port de Montréal pour les fins du déchargement du

phosphate transporté par les bâtiments en sus de leur chargement de grain tel que ci-dessus décrit, pourvu cependant que s'ils retournent au port pour y prendre un chargement tels navires soient frappés à leur seconde sortie du canal du droit ordinaire.

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publi-

cation doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cah la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ORDRES EN CONSEIL.

HOTEL DU GOUVERNEMENT, OTTAWA.

Mardi, le 12e jour de juillet 1881.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU qu'il a été représenté par des intéressés que des bâtiments chargés de grain à destination du port de Montréal prennent fréquemment sur leurs ponts des chargements de phosphate et que, forcés qu'ils sont de se rendre immédiatement au port pour y décharger leur grain ils acquittent les droits de transit jusqu'à ce point et reviennent subseqüemment dans le canal Lachine pour déposer leurs chargements de phosphate dans les entrepôts et paient une deuxième fois en vertu des règlements actuels les droits de canaux pour telle nouvelle entrée ;

Et attendu qu'une difficulté semblable s'est présentée quant à ce qui concerne la mise en entrepôt du surplus d'un chargement de grain non requis pour expédition, et qu'un ordre en conseil a été adopté le 8 août 1878, exemptant de droits telle seconde entrée pour les fins indiquées, —

Son Excellence en conseil, sur la recommandation de l'honorable ministre agissant comme ministre des chemins de fer et canaux, a bien voulu ordonner, et il est par le présent ordonné que les bassins du canal Lachine dans les limites de la cité de Montréal seront à l'avenir considérés comme faisant partie du port de Montréal pour les fins du déchargement du

phosphate transporté par les bâtiments en sus de leur chargement de grain tel que ci-dessus décrit, pourvu cependant que s'ils retournent au port pour y prendre un chargement tels navires soient frappés à leur seconde sortie du canal du droit ordinaire.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cahier la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué

immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or detainers, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

Dans les provinces de Québec et de Manitoba :

*Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

L'HONORABLE DÉPUTÉ DE SON EXCELLENCE
LE GOUVERNEUR-GÉNÉRAL
EN CONSEIL.

La plu au député du gouverneur, sur la recommandation de l'honorable ministre agissant comme ministre des chemins de fer et canaux d'adopter les règles suivantes concernant la réparation des navires sur les bords du canal Lachine, du canal de Beauharnois et de celui de Chambly.

1. Les réparations ne seront exécutées que sur tels points qui auront été indiqués et approuvés par le surintendant.

2. Pour chaque navire halé ou mis à flot pour être réparé, il sera prélevé en sus de toute autre charge la somme d'une piastre, ce qui permettra à tel navire de rester là un mois; chaque mois additionnel ou fraction de mois pendant lequel y demeurera le navire devant entraîner le prélèvement d'une somme supplémentaire d'une piastre.

Dans le cas, cependant, où un navire halé pour être réparé sur les bords du canal resterait là durant l'hiver il ne sera prélevé sur icelui qu'une somme de quatre piastres (en sus des droits ordinaires exigibles pour l'hivernement); la période de temps ainsi couverte s'étendant du 1er novembre au 1er juin inclusivement.

3. Tout navire restant sur le bord du canal après y avoir passé l'hiver sera soumis à une charge de une piastre par mois ou fraction de mois pour le temps qu'il y resterait subséquemment.

4. Tout navire qui restera plus d'un an sur le bord du canal sera soumis pour tel laps de temps qu'il y restera ainsi après cette période, à une charge de deux piastres par mois ou fraction de mois durant toute l'année.

5. Ces différentes charges seront toutes payables au bureau du percepteur avant le premier jour de chaque mois.

6. Ces règles devront être entendues comme s'appliquant à tous les cas où le bord du canal est employé d'une manière quelconque aux réparations de navires, que tels navires soient dans le moment halés ou non.

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de bateaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

PRESENT:

THE HONORABLE THE DEPUTY OF HIS EXCEL-

IN COUNCIL.

THE Deputy Governor, on the recommendation of the Honorable the Acting Minister of Railways and Canals, has been pleased to adopt the following rules with respect to the repairing of vessels on the banks of the Lachine Canal, the Beauharnois and the Chambly.

1. Repairs shall only be executed at such points as may be indicated and approved of by the Superintendent.

2. For each vessel hauled up or beached for repairs, a charge of one dollar, over and above all other charges, shall be made, carrying the privilege of remaining for one month, a further sum of one dollar being charged for each additional month or fraction of a month the vessel may remain.

In cases, however, where a vessel hauled up for repairs upon the Canal bank remains there throughout the winter, a charge of \$4.00 only shall be made (in addition to her ordinary winterage dues) the period covered being from the 1st of November to the 1st of June inclusive.

4. Any vessel remaining more than one year on the bank of the Canal shall, for such time as she may remain in excess of that period, pay at the rate of two dollars a month or fraction of a month throughout the whole year.

5. All charges shall be payable at the Collector's office in advance on the first day of each month.

6. These rules shall be understood as applying to all cases where the Canal bank is used in any manner for the repair of vessels, whether such vessels are actually hauled up or not.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and

distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or detitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

L'HONORABLE DÉPUTÉ DE SON EXCELLENCE
LE GOUVERNEUR-GÉNÉRAL
EN CONSEIL.

IL a plu au député du gouverneur, sur la recommandation de l'honorable ministre agissant comme ministre des chemins de fer et canaux d'adopter les règles suivantes concernant la réparation des navires sur les bords du canal Lacline, du canal de Beauharnois et de celui de Chambly.

1. Les réparations ne seront exécutées que sur tels points qui auront été indiqués et approuvés par le surintendant.

2. Pour chaque navire halé ou mis à flot pour être réparé, il sera prélevé en sus de toute autre charge la somme d'une piastre, ce qui permettra à tel navire de rester là un mois; chaque mois additionnel ou fraction de mois pendant lequel y demeurera le navire devant entraîner le prélèvement d'une somme supplémentaire d'une piastre.

Dans le cas, cependant, où un navire halé pour être réparé sur les bords du canal resterait là durant l'hiver il ne sera prélevé sur icelui qu'une somme de quatre piastres (en sus des droits ordinaires exigibles pour l'hivernement); la période de temps ainsi couverte s'étendant du 1er novembre au 1er juin inclusivement.

3. Tout navire restant sur le bord du canal après y avoir passé l'hiver sera soumis à une charge de une piastre par mois ou fraction de mois pour le temps qu'il y resterait subséquemment.

4. Tout navire qui restera plus d'un an sur le bord du canal sera soumis pour tel laps de temps qu'il y restera ainsi après cette période, à une charge de deux piastres par mois ou fraction de mois durant toute l'année.

5. Ces différentes charges seront toutes payables au bureau du percepteur avant le premier jour de chaque mois.

6. Ces règles devront être entendues comme s'appliquant à tous les cas où le bord du canal est employé d'une manière quelconque aux réparations de navires, que tels navires soient dans le moment halés ou non.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué

immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué

immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas, la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de bateaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

APPLICATIONS TO PARLIAMENT.

DOMINION PARLIAMENT.

Rules relating to Notices for Private Bills.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or detitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

No Petition for a Private Bill is received by either House after the first ten days of the session.

ROBERT LEMOINE,
Clerk of the Senate.

JOHN GEORGE BOURINOT,
Clerk of the Commons.

Rules of the Senate relating to Notices for Bills of Divorce.

72. Every Applicant for a Bill of Divorce is required to give notice of his intention so to do, and to specify from whom and for what cause, by advertisements during six months, in the *Canada Gazette*, and in two newspapers published in the District, in Quebec and Manitoba, or in the County, or Union of Counties in the other Provinces, where such applicant usually resided at the time of the separation, or if thy requisite number of papers cannot be found therein then in the adjoining District, or County, or Union of Counties.

73. A copy of the notice, in writing, is to be served at the instance of the applicant, upon the person from whom the Divorce is sought, if the residence of such person can be ascertained; and proof on oath of such service, or of the attempts made to effect it, to the satisfaction of the Senate, is to be adduced before the Senate on the reading of the Petition.

MONSIEUR,—J'ai l'honneur de vous transmettre pour être publiée dans la colonie placée sous votre gouvernement, copie d'un ordre en conseil de Sa Majesté, daté du 15 juillet, et étendant les clauses de l'Acte de 1852, concernant les déserteurs étrangers" aux équipages des navires danois dans les possessions de Sa Majesté.

J'ai l'honneur d'être,

Monsieur,

Votre très humble et très obéissant serviteur,
KIMBERLEY.

A l'officier

préposé au gouvernement du Canada.

Cour de Windsor, le 15 juillet 1881.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en Conseil.

ATTENDU que par l'Acte de 1852, concernant les déserteurs étrangers," il est pourvu que si jamais il est démontré à Sa Majesté que des facilités sont ou seront données pour reprendre et appréhender des marins qui désertent les navires marchands anglais dans les territoires d'une puissance étrangère, Sa Majesté peut, par un ordre en conseil alléguant que telles facilités sont ou seront données, déclarer que les marins, autres que les esclaves, qui désertent les navires marchands appartenant à un sujet de cette puissance lorsqu'ils sont dans les possessions de Sa Majesté pourront être appréhendés et transportés à bord de leurs navires respectifs, et peut limiter l'opération de tel acte ou l'assujétir à telles conditions qui pourraient être jugées expédientes :

Et attendu qu'il a été démontré à Sa Majesté que des facilités pour la reprise et l'appréhension des marins (n'étant pas sujets danois) qui désertent les navires marchands anglais dans les territoires appartenant à Sa Majesté le roi du Danemark seront donnés en vertu d'un arrangement entre les gouvernements de la Grande-Bretagne et du Danemark, signé à Londres le 21 juin 1881.

pas sujets anglais) qui désertent les navires marchands appartenant à des sujets du roi du Danemark dans les possessions de Sa Majesté, pourront être appréhendés et transportés à bord de leurs navires respectifs; pourvu toutefois que si tel déserteur a commis un crime dans les possessions de Sa Majesté il puisse être détenu jusqu'à ce qu'il ait été jugé par un tribunal compétent et que la sentence (s'il y a lieu) ait été purgée.

Et en outre, il a plu à Sa Majesté, en vertu des pouvoirs dont elle est investie par le dit "Acte de 1852 concernant les déserteurs étrangers," d'ordonner et déclarer, par et de l'avis de son conseil privé, qu'à dater de la publication d'icelui dans la *London Gazette* et ci-après, l'ordre en conseil concernant les marins qui désertent les navires marchands appartenant aux sujets du roi du Danemark, fait en vertu du dit acte, le 13 juin 1853, et publié dans la *London Gazette*, le 14 juin 1853, sera révoqué, et le dit ordre en conseil est en conséquence par le présent révoqué.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LEMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba.) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

(Circular.)

DOWNING STREET,
15th August, 1881.

SIR,—I have the honor to transmit to you, for publication in the Colony under your Government, a copy of a Circular issued by the French Government, containing regulations with regard to the importation into France of provisions in soldered tins.

I have thought it advisable to send copies of this Circular to all Colonies, so that those Colonies which do not export, but may import, provisions in tins may be aware of the opinion expressed by the French Government with regard to this soldered in the manner described.

I have the honour to be,

Sir

Your most obedient, humble Servant,

KIMBERLEY.

The Officer Administering
the Government of Canada.

Circular of the 28th August, 1880, No. 1455.

PARIS, 28th August, 1880.

The attention of the Department of Commerce has been called to the dangers to which consumers may be exposed by using food contained in cans or boxes soldered in the inside, and made with other than refined sheet tin.

The Board of Public Health to whom this question has been submitted, have recognized the fact that the public health is endangered through the use of articles of food which, by coming in contact with soldered parts or surfaces covered with a metal containing lead, may cause more or less serious poisonings. Therefore, the Board have expressed the opinion that makers of cans or boxes intended for canning food should be prohibited from soldering those cans inside, and from using any other than refined sheet tin. The Board add that if the makers persist in soldering in the inside, they should be held to use nothing but pure tin. This opinion has been adopted by the Minister of Commerce, and Prefects of Departments have received instructions accordingly.

It has seemed necessary to take similar measures with regard to foreign canned articles of food, not only for the purpose of protecting public health, but so that the French trade may not be put on an inferior footing with their foreign competitors. Therefore, the Minister of Finance has decided, on the 2nd April last, that cans or boxes containing food entered for importation should be made agreeably to the above decision. Those found to be made contrary to law would be temporarily detained by the proper officer, whose duty will be to report the case immediately to the *procureur* of the Republic.

In order to allow the French can-makers to dispose of the stock on hand, it has been agreed that the new regulations will come into force only on the 1st August 1881. They will be also enforced on that date with regard to foreign importations.

The Directors are requested to make known these regulations to the trade and public generally.

The Councillor of State, Director-General.

Signed, AMBAUD.

True Copy,
The Administrator.

51. All applications for Private Bills, properly the subjects of legislation by the Parliament of Canada, within the purview of "The British North America Act, 1867," whether for the erection of a Bridge, the making of a Railroad, Turnpike Road or Telegraph Line; the construction or improvement of a Harbour, Canal, Lock, Dam or Slide, or other like work; the granting the right of Ferry; the incorporation of any particular Trade or Calling, or of any Banking or other Joint Stock Company; or otherwise for the granting to any individual or individuals, any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which, in its operation, would affect the rights or property of other parties, or relate to any particular class of the community; or for making any amendment of a like nature to any former Act, shall require a Notice, clearly and distinctly specifying the nature and object of the application, and (except in the case of existing corporations) signed by, or on behalf of the applicants, to be published as follows, viz:

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

In any other Province.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

Circulaire.

DOWNING STREET,
15 août 1881.

MONSIEUR,—J'ai l'honneur de vous transmettre, pour être publiée dans la colonie placée sous votre gouvernement, copie d'une circulaire émise par le gouvernement français, contenant les règlements au sujet de l'importation en France des conserves alimentaires renfermées dans des boîtes de fer blanc soudées.

J'ai cru qu'il était à propos d'envoyer des copies de cette circulaire à toutes les colonies afin que celles qui n'exportent pas, mais qui importent des conserves alimentaires renfermées dans des boîtes de fer blanc, puissent prendre connaissance de l'opinion exprimée par le gouvernement français au sujet des boîtes de fer blanc dont les soudures doivent être pratiquées en conformité des prescriptions.

J'ai l'honneur d'être, monsieur,
Votre très obéissant et
très humble serviteur,
KIMBERLEY.

L'officier administrant
le gouvernement du Canada.

Circulaire du 28 août 1880, No. 1455.

PARIS, le 28 août 1880.

L'attention du Département du Commerce a été appelé sur les dangers que peut faire courir aux consommateurs l'usage des conserves alimentaires renfermées dans des boîtes dont la soudure a été pratiquée à l'intérieur et qui sont fabriquées avec des fers-blancs autres que celui qui est étamé à l'étain fin.

Le Comité consultatif d'hygiène publique, auquel la question a été soumise, a reconnu qu'il y a, en effet, pour la santé publique, de sérieux inconvénients à livrer à l'alimentation des produits qui, par leur contact avec des soudures où des surfaces recouvertes d'un alliage contenant du plomb, peuvent être la cause d'empoisonnements plus ou moins graves. Le Comité a, par suite, émis l'avis qu'il y avait lieu d'interdire aux fabricants de boîtes pour conserves alimentaires de pratiquer les soudures à l'intérieur, et d'employer pour la confection de ces boîtes des fers-blancs autres que ceux qui ont été étamés à l'étain fin. Le Comité d'hygiène a ajouté que si les fabricants persistaient à vouloir recourir à la soudure intérieure de la bande, ils devraient être tenus de se servir exclusivement d'étain pur. Cet avis a été adopté par M. le Ministre du Commerce, et les préfets des départements ont reçu des instructions en conformité.

Il a paru nécessaire de prendre des dispositions analogues à l'égard des boîtes de conserves d'origine étrangère, tant au point de vue de la santé publique que pour ne pas mettre les fabricants Français dans un état d'infériorité vis-à-vis de leurs concurrents de l'étranger. En conséquence, M. le ministre des Finances a décidé, sous la date du 2 avril dernier, qu'il y avait lieu d'exiger que les boîtes de conserves présentées à l'importation fussent établies en conformité des prescriptions dont il s'agit. Celles qui seraient reconnues ne pas réunir les conditions réglementaires seraient provisoirement retenues par le service, qui aurait à prévenir immédiatement le Procureur de la République du ressort.

Afin de permettre aux fabricants Français d'écouler les boîtes qu'ils peuvent avoir en magasin, il a été convenu que les nouvelles prescriptions ne seraient appliquées qu'à partir du 1er août 1881. Ce sera également à cette date qu'elles entreranno en vigueur pour les importations de l'étranger.

Les directeurs sont invités à porter ces dispositions à la connaissance du service et du commerce.

Le conseiller d'Etat, directeur général.

RUE DOWNING,
8 août 1881.

MONSIEUR,—J'ai l'honneur de vous transmettre pour être publiée dans la colonie placée sous votre gouvernement, copie d'un ordre en conseil de Sa Majesté, daté du 15 juillet, et étendant les clauses de l'Acte de 1852, concernant les déserteurs étrangers aux équipages des navires danois dans les possessions de Sa Majesté.

J'ai l'honneur d'être,

Monsieur,
Votre très humble et très obéissant serviteur,
KIMBERLEY.

À l'officier
préposé au gouvernement du Canada.

Cour de Windsor, le 15 juillet 1881.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en Conseil.

ATTENDU que par l'Acte de 1852, concernant les déserteurs étrangers, il est pourvu que si jamais il est démontré à Sa Majesté que des facilités

sont ou seront données pour reprendre et appréhender des marins qui désertent les navires marchands anglais dans les territoires d'une puissance étrangère, Sa Majesté peut, par un ordre en conseil alléguant que telles facilités sont ou seront données, déclarer que les marins, autres que les esclaves, qui désertent les navires marchands appartenant à un sujet de cette puissance lorsqu'ils sont dans les possessions de Sa Majesté pourront être appréhendés et transportés à bord de leurs navires respectifs, et peut limiter l'opération de tel acte ou l'assujétir à telles conditions qui pourraient être jugées expédientes :

Et attendu qu'il a été démontré à Sa Majesté que des facilités pour la reprise et l'appréhension des marins (n'étant pas sujets danois) qui désertent les navires marchands anglais dans les territoires appartenant à Sa Majesté le roi du Danemark seront donnés en vertu d'un arrangement entre les gouvernements de la Grande-Bretagne et du Danemark, signé à Londres le 21 juin 1881.

Il a plu en conséquence à Sa Majesté, en vertu des pouvoirs dont elle est investie par le dit "Acte de 1852 concernant les déserteurs étrangers," d'ordonner et déclarer, par et de l'avis de son conseil privé, et il est par le présent ordonné et déclaré qu'à dater de la publication d'icelui dans la *London Gazette* et ci-après, les marins autres que les esclaves (et n'étant pas sujets anglais) qui désertent les navires marchands appartenant à des sujets du roi du Danemark dans les possessions de Sa Majesté, pourront être appréhendés et transportés à bord de leurs navires respectifs; pourvu toutefois que si tel déserteur a commis un crime dans les possessions de Sa Majesté il puisse être détenu jusqu'à ce qu'il ait été jugé par un tribunal compétent et que la sentence (s'il y a lieu) ait été purgée.

Et en outre, il a plu à Sa Majesté, en vertu des pouvoirs dont elle est investie par le dit "Acte de 1852 concernant les déserteurs étrangers," d'ordonner et déclarer, par et de l'avis de son conseil privé, qu'à dater de la publication d'icelui dans la *London Gazette* et ci-après, l'ordre en conseil concernant les marins qui désertent les navires marchands appartenant aux sujets du roi du Danemark, fait en vertu du dit acte, le 13 juin 1853, et publié dans la *London Gazette*, le 14 juin 1853, sera révoqué, et le dit ordre en conseil est en conséquence par le présent révoqué.

Et les secrétaires d'Etat pour l'Angleterre, les colonies et l'Inde devront donner en conseil les directions conformes au présent.

DEMANDES AU PARLEMENT.

PARLEMENT FÉDÉRAL.

Règles relatives aux avis de bills privés.

51. Dans le cas de toute demande de bill privé, provenant du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un exemplaire des numéros des journaux, reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de bateaux et des navires et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et rejettera le reçu de ce paiement au greffier du comté auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture ayant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

ROBERT LÉMOINE,

Greffier du Sénat.

JOHN GEORGE BOURINOT,

Greffier des Communes.

Règles du Sénat relatives aux avis de bills de divorce.

72. Quiconque a l'intention de demander un bill de divorce, doit donner avis de son intention, et spécifier d'avec qui et pour quelle cause il veut divorcer. L'avis doit être inséré pendant six mois, à la *Gazette du Canada*, et dans deux journaux du district (si c'est dans les provinces de Québec et de Manitoba,) ou du comté ou des comtés-unis, (si c'est dans les autres provinces,) où le pétitionnaire résidait ordinairement lors de la séparation; et si le nombre voulu de journaux n'y paraît pas, alors la publication de l'avis devra se faire dans le district, le comté ou les comtés-unis voisins.

Un exemplaire en manuscrit de l'avis devra être signifié, à l'instance du pétitionnaire, à la personne d'avec laquelle il veut divorcer, si le lieu de la résidence de cette dernière peut être connu; et la preuve de cette signification ou de la diligence faite pour l'effectuer, doit être produite sous serment devant le Sénat et à sa satisfaction, lors de la lecture de la pétition.

(Circular.)

DOWNING STREET,
 15th August, 1881.

SIR,—I have the honor to transmit to you, for
 publication in the Colony under your Government, a
 copy of a Circular issued by the French Government,
 containing regulations with regard to the importation
 into France of provisions in soldered tins.

I have thought it advisable to send copies of this
 Circular to all Colonies, so that those Colonies which
 do not export, but may import, provisions in tins may

be aware of the opinion expressed by the French Government with regard to tins soldered in the manner described.

I have the honour to be,
Sir

Your most obedient, humble Servant,
KIMBERLEY.

The Officer Administering
the Government of Canada.

Circular of the 28th August, 1880, No. 1455.

PARIS, 28th August, 1880.

The attention of the Department of Commerce has been called to the dangers to which consumers may be exposed by using food contained in cans or boxes soldered in the inside, and made with other than refined sheet tin.

The Board of Public Health to whom this question has been submitted, have recognized the fact that the public health is endangered through the use of articles of food which, by coming in contact with soldered parts or surfaces covered with a metal containing lead, may cause more or less serious poisonings. Therefore, the Board have expressed the opinion that makers of cans or boxes intended for canning food should be prohibited from soldering those cans inside, and from using any other than refined sheet tin. The Board add that if the makers persist in soldering in the inside, they should be held to use nothing but pure tin. This opinion has been adopted by the Minister of Commerce, and Prefects of Departments have received instructions accordingly.

It has seemed necessary to take similar measures with regard to foreign canned articles of food, not only for the purpose of protecting public health, but so that the French trade may not be put on an inferior footing with their foreign competitors. Therefore, the Minister of Finance has decided, on the 2nd April last, that cans or boxes containing food entered for importation should be made agreeably to the above decision. Those found to be made contrary to law would be temporarily detained by the proper officer, whose duty will be to report the case immediately to the *procureur* of the Republic.

In order to allow the French can-makers to dispose of the stock on hand, it has been agreed that the new regulations will come into force only on the 1st August 1881. They will be also enforced on that date with regard to foreign importations.

The Directors are requested to make known these regulations to the trade and public generally.

The Councillor of State, Director-General.

Signed, AMBAUD.

True Copy,
The Administrator.
Signed, RAMOND.

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

A notice inserted in the *Canada Gazette*, and in one newspaper published in the County, or Union of Counties affected, or if there be no paper published therein, then in a newspaper in the nearest County in which a newspaper is published. Such Notices to be continued in each case, for a period of two months during the interval of time between the close of the next preceding Session and the consideration of the Petition. And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.

When a Petition is for leave to bring in a Private Bill for the erection of a Toll Bridge, the petitioner or petitioners, upon giving the notice prescribed by the preceding Rule, shall also, at the same time, and in the same manner, give notice of the rates which they intend to ask; the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and whether they intend to erect a drawbridge, and the dimensions of the same.

Any person seeking to obtain any Private Bill shall, eight days before the meeting of Parliament, deposit with the Clerk of the House, in which the bill is to originate, a copy of such bill in the English or French language, with a sum sufficient to pay for translating and printing the same—600 copies to be printed in English, and 200 copies in French—the translation to be done by the officers of the House, and the printing by the contractor. The applicant shall be also required to pay the accountant of the House a sum of \$200 and the cost of printing the Act in the Statutes, and lodge the receipt of the same with the Clerk of the Committee to which such Bill is referred—such payment to be made immediately after the second reading, and before the consideration of the Bill by such Committee.

Circulaire.

DOWNING STREET,
15 août 1881.

MONSIEUR,—J'ai l'honneur de vous transmettre, pour être publiée dans la colonie placée sous votre gouvernement, copie d'une circulaire émise par le gouvernement français, contenant les règlements au sujet de l'importation en France des conserves alimentaires renfermées dans des boîtes de fer blanc soudées.

J'ai cru qu'il était à propos d'envoyer des copies de cette circulaire à toutes les colonies afin que celles qui n'en ont pas, mais qui importent des conserves alimentaires renfermées dans des boîtes de fer blanc, puissent prendre connaissance de l'opinion exprimée par le gouvernement français au sujet des boîtes de fer blanc dont les soudures doivent être pratiquées en conformité des prescriptions.

J'ai l'honneur d'être, monsieur,

Votre très obéissant et
très humble serviteur,
KIMBERLEY.

L'officier administrant
le gouvernement du Canada.

Circulaire du 28 août 1880, No. 1455.

PARIS, le 28 août 1880.

L'attention du Département du Commerce a été appelée sur les dangers que peut faire courir aux consommateurs l'usage des conserves alimentaires

renfermées dans des boîtes dont la soudure a été pratiquée à l'intérieur et qui sont fabriquées avec des fers-blancs autres que celui qui est étamé à l'étain fin.

Le Comité consultatif d'hygiène publique, auquel la question a été soumise, a reconnu qu'il y a, en effet, pour la santé publique, de sérieux inconvénients à livrer à l'alimentation des produits qui, par leur contact avec des soudures ou des surfaces recouvertes d'un alliage contenant du plomb, peuvent être la cause d'empoisonnements plus ou moins graves. Le Comité a, par suite, émis l'avis qu'il y avait lieu d'interdire aux fabricants de boîtes pour conserves alimentaires de pratiquer les soudures à l'intérieur, et d'employer pour la confection de ces boîtes des fers-blancs autres que ceux qui ont été étamés à l'étain fin. Le Comité d'hygiène a ajouté que si les fabricants persistaient à vouloir recourir à la soudure intérieure de la bande, ils devraient être tenus de se servir exclusivement d'étain pur. Cet avis a été adopté par M. le Ministre du Commerce, et les préfets des départements ont reçu des instructions en conformité.

Il a paru nécessaire de prendre des dispositions analogues à l'égard des boîtes de conserves d'origine étrangère, tant au point de vue de la santé publique que pour ne pas mettre les fabricants Français dans un état d'infériorité vis-à-vis de leurs concurrents de l'extérieur. En conséquence, M. le ministre des Finances a décidé, sous la date du 2 avril dernier, qu'il y avait lieu d'exiger que les boîtes de conserves présentées à l'importation fussent établies en conformité des prescriptions dont il s'agit. Celles qui seraient reconnues ne pas réunir les conditions réglementaires seraient provisoirement retenues par le service, qui aurait à prévenir immédiatement le Procureur de la République du ressort.

Afin de permettre aux fabricants Français d'écouler les boîtes qu'ils peuvent avoir en magasin, il a été convenu que les nouvelles prescriptions ne seraient appliquées qu'à partir du 1er août 1881. Ce sera également à cette date qu'elles entreranno en vigueur pour les importations de l'étranger.

Les directeurs sont invités à porter ces dispositions à la connaissance du service et du commerce.

Le conseiller d'Etat, directeur général.
(Signé) AMBAUD.

L'administrateur :

(Circulaire.)

RUE DOWNING,
8 août 1881.

MONSIEUR, — J'ai l'honneur de vous transmettre pour être publiée dans la colonie placée sous votre gouvernement, copie d'un ordre en conseil de Sa Majesté, daté du 15 juillet, et étendant les clauses de l'"Acte de 1852, concernant les déserteurs étrangers" aux équipages des navires danois dans les possessions de Sa Majesté.

J'ai l'honneur d'être,

Monsieur,

Votre très humble et très obéissant serviteur,
KIMBERLEY.

A l'officier
préposé au gouvernement du Canada.

Cour de Windsor, le 15 juillet 1881.

PRÉSENTE :

Sa Très Excellente Majesté la Reine en Conseil.

ATTENDU que par l'"Acte de 1852, concernant les déserteurs étrangers," il est pourvu que si jamais il est démontré à Sa Majesté que des facilités sont ou seront données pour reprendre et appréhender des marins qui désertent les navires marchands anglais dans les territoires d'une puissance étrangère, Sa Majesté peut, par un ordre en conseil alléguant que telles facilités sont ou seront données, déclarer que les marins, autres que les esclaves, qui désertent les navires marchands appartenant à un

sujet de cette puissance lorsqu'ils sont dans les possessions de Sa Majesté pourront être appréhendés et transportés à bord de leurs navires respectifs, et peut limiter l'opération de tel acte ou l'assujétir à telles conditions qui pourraient être jugées expédientes :

Et attendu qu'il a été démontré à Sa Majesté que des facilités pour la reprise et l'appréhension des marins (n'étant pas sujets danois) qui désertent les navires marchands anglais dans les territoires appartenant à Sa Majesté le roi du Danemark seront donnés en vertu d'un arrangement entre les gouvernements de la Grande-Bretagne et du Danemark, signé à Londres le 21 juin 1881.

Il a plu en conséquence à Sa Majesté, en vertu des pouvoirs dont elle est investie par le dit "Acte de 1852 concernant les déserteurs étrangers," d'ordonner et déclarer, par et de l'avis de son conseil privé, et il est par le présent ordonné et déclaré qu'à dater de la publication d'icelui dans la *London Gazette* et ci-après, les marins autres que les esclaves (et n'étant pas sujets anglais) qui désertent les navires marchands appartenant à des sujets du roi du Danemark dans les possessions de Sa Majesté, pourront être appréhendés et transportés à bord de leurs navires respectifs ; pourvu toutefois que si tel déserteur a commis un crime dans les possessions de Sa Majesté il puisse être détenu jusqu'à ce qu'il ait été jugé par un tribunal compétent et que la sentence (s'il y a lieu) ait été purgée.

Et en outre, il a plu à Sa Majesté, en vertu des pouvoirs dont elle est investie par le dit "Acte de 1852 concernant les déserteurs étrangers," d'ordonner et déclarer, par et de l'avis de son conseil privé, qu'à dater de la publication d'icelui dans la *London Gazette* et ci-après, l'ordre en conseil concernant les marins qui désertent les navires marchands appartenant aux sujets du roi du Danemark, fait en vertu du dit acte, le 13 juin 1853, et publié dans la *London Gazette*, le 14 juin 1853, sera révoqué, et le dit ordre en conseil est en conséquence par le présent révoqué.

Et les secrétaires d'Etat pour l'Angleterre, les colonies et l'Inde devront donner en conseil les directions conformes au présent.

C. L. PEEL.

AVIS DU GOUVERNEMENT.

AVIS public est par le présent donné qu'en vertu de l'Acte du Canada de 1877, concernant les compagnies à fonds social, il a été émis des lettres patentes sous le grand sceau du Canada, en date du neuvième jour de septembre 1881, incorporant David George Hatton, de la ville de Peterborough, dans la province d'Ontario, Puissance du Canada, solliciteur ; Robert Archibald Morrow, du même lieu, écuyer ; Thomas Thomson Turnbull, de la cité de Montréal, dans la province de Québec, Puissance du Canada, marchand ; George Burchell Williams, de la ville de Lafayette, dans l'Etat de l'Indiana, l'un des Etats-Unis d'Amérique, écuyer, et John Franklin Olmstead, de la ville de Washington dans le district de Columbia, dans les dits Etats-Unis d'Amérique, écuyer, dans le but d'établir, ériger, construire, maintenir et exploiter une ligne ou des lignes de télégraphe à travers le Canada, depuis un point quelconque jusqu'à un autre, soit par terre ou par eau, avec tous les pouvoirs et privilèges incidents, se rattachant ou nécessaires aux maintien et exploitation de telles lignes télégraphiques, avec pleins pouvoir et autorité de construire les dites lignes télégraphiques sur tous terrains achetés pour la compagnie ou autres terrains sur lesquels la dite compagnie aura obtenu le droit de faire passer ses lignes des personnes ayant le droit de faire une pareille concession, et, du consentement des municipalités où ils sont situés, le long de ou sur tous chemins publics, rues, ponts, chemins de fer ou autres voies publiques et sur et au-dessus de toutes eaux dans la Puissance, par l'érection des choses nécessaires, telles que poteaux, quais ou contreforts pour le soutien des fils de telles lignes, pourvu que tels travaux n'incommodent pas l'usage public de tels chemins, rues, ponts, chemins de fer ou autres routes et voies publiques

ou ne ferment l'accès d'aucune maison ou d'aucun bâtiment érigé dans le voisinage des dits travaux ou n'interrompent la navigation de telles eaux ; la dite compagnie devra avoir de plus le droit de réparer, démolir, enlever, remplacer, renouveler et ré-édifier la dite ligne ou les dites lignes, en tout ou en partie, le long des dits chemins ou voies publiques et ponts, et sur ou dessous les eaux dans les différentes provinces, districts, villes et villages de la Puissance du Canada.

Les directeurs de la dite compagnie ou la majorité d'entre eux aura le droit de déterminer et régler de temps en temps le taux des prix devant être reçus par la dite compagnie pour les transmissions et remises des communications et messages par la dite ligne ou les dites lignes de télégraphe par ses commis ou autres officiers et employés, de requérir, demander, recevoir, recouvrer et prendre le dit prix ; et la dite ligne ou les dites lignes de télégraphe et les dits prix pour la transmission de communications et messages, et tous matériaux qui de temps en temps auront été acquis pour les construction, édification, maintien ou réparation d'icelles appartiendront à la dite compagnie et à ses successeurs.

Et la dite compagnie sera autorisée, mais seulement du consentement du Gouverneur en conseil, de faire n'importe quel arrangement avec une compagnie télégraphique quelconque pour l'usage de la ligne de telle autre compagnie ou pour l'affermage ou l'achat de telle ligne maintenant établie ou à être ci-après établie, suivant que cela rencontrera mieux l'objet et les fins de la dite compagnie ; cette dernière pouvant de plus mettre ses fils en communication avec la ligne ou les lignes de n'importe quelle compagnie de télégraphe ou compagnie de câble sous-marin dans ou hors la Puissance du Canada.

Et la dite compagnie, de même que ses successeurs, aura le pouvoir d'acheter, posséder et détenir toute propriété mobilière, immobilière ou mixte requise pour les fins de l'entreprise de la dite compagnie ; louer et transporter la susdite propriété ou en disposer autrement pour les compte et bénéfice de la dite compagnie, de temps en temps, suivant qu'il sera jugé nécessaire ou opportun.

De plus, pour qu'elle jouisse de tous les pouvoirs et privilèges conférés par l'Acte du Canada de 1877 concernant les compagnies à fonds social, la dite compagnie, de même que ses successeurs pourra avoir et aura un sceau commun et pourra le changer et l'altérer suivant ses volontés et plaisir.

Pourvu, que rien dans les présentes ne sera interprété comme conférant à la dite compagnie le droit de construire des ponts, quais ou autres travaux sur aucune rivière navigable en Canada sans le consentement du Gouverneur-Général du Canada en Conseil, ou d'ériger des poteaux ou de placer ses lignes de télégraphes sur la voie d'aucun chemin de fer sans le consentement de la compagnie ou des personnes auxquelles appartient telle compagnie de chemin de fer.

Pourvu aussi, que tout message en rapport avec l'administration de la justice, l'arrestation des criminels, la recherche ou la prévention d'un crime, et les messages ou dépêches du gouvernement seront toujours transmises de préférence à tout autre message ou dépêche s'il en est ainsi requis par une personne mêlée à l'administration de la justice ou toute autre personne autorisée à cette fin par le secrétaire d'Etat du Canada.

Le nom corporatif de la dite compagnie sera "La compagnie mutuelle de télégraphe du Canada," et son capital-actions sera de un million de piastres, divisé en dix mille parts de cent piastres chacune.

Daté au bureau du secrétaire d'Etat du Canada, ce vingt-troisième jour de septembre 1881.

Secrétaire d'Etat.

PARLEMENT FÉDÉRAL.

51. Dans le cas de toute demande de bill privé, proprement du ressort législatif du Parlement du Canada, suivant les dispositions de l'Acte de l'Amérique Britannique du Nord, 1867, et ayant pour objet, soit la construction d'un pont, d'un chemin de fer, d'un chemin à barrières ou d'une ligne télégraphique; soit la construction ou l'amélioration d'un port, d'un canal, d'une écluse, d'une digue ou d'une glissoire, ou autre ouvrage semblable; soit la concession d'un droit de passage d'eau, l'incorporation de professions ou métiers, ou d'une compagnie de banque ou autre compagnie par actions, soit la concession à une ou plusieurs personnes de certains droits ou privilèges exclusifs ou particuliers, soit le pouvoir de faire quelque chose qui, dans ses effets, pourrait toucher aux droits ou à la propriété d'autrui, ou concerner une classe particulière de la société; ou ayant pour objet quelque amendement de même nature à un acte antérieur,—un avis, énonçant d'une manière claire et intelligible la nature et l'objet de la demande, et signé (excepté s'il s'agit de corporations déjà existantes) par les pétitionnaires ou de leur part, est nécessaire et doit être publié comme il suit

Dans les provinces de Québec et de Manitoba :

Un avis doit être inséré dans la *Gazette du Canada* en anglais et en français, ainsi que dans un journal anglais et un journal français du district intéressé, ou en anglais et en français dans le même journal, s'il ne s'en publie qu'un seul dans ce district; ou s'il n'y paraît pas de journal, alors la publication de l'avis en anglais et en français doit se faire dans un journal du district le plus voisin où il s'en publie.

Dans les autres provinces :

Un avis doit être inséré dans la *Gazette du Canada* et dans un journal du comté ou des comtés-unis intéressés, ou s'il n'y paraît pas de journal, alors la publication doit se faire dans un journal du comté le plus voisin où il s'en publie.

La publication de ces avis durera, dans chaque cas la période de deux mois pendant l'intervalle de temps qui s'écoulera entre la clôture de la session précédente et la prise en considération de la pétition. Un

exemplaire des numéros des journaux reproduisant la première et la dernière insertion de l'avis, devra être transmis au greffier de chaque Chambre.

Si la pétition demande l'autorisation de présenter un bill privé ayant pour objet la construction d'un pont de péage, le pétitionnaire ou les pétitionnaires devront, en même temps qu'ils donneront l'avis prescrit par la règle précédente, donner aussi, de la même manière, avis des péages qu'ils entendent exiger, de l'étendue du privilège, de la hauteur des arches, de l'espace à laisser libre entre les culées ou les piliers pour le passage de radeaux et des navires; et mentionner de plus s'ils se proposent de construire un pont mobile, et quelles en seront les dimensions.

Toute personne désirant obtenir un bill privé devra, dans les huit jours qui précéderont l'ouverture du Parlement, déposer au bureau du greffier de la Chambre dans laquelle le bill doit prendre naissance, une copie de ce bill en langue anglaise ou en langue française, avec une somme suffisante pour en payer la traduction et l'impression. Il en sera imprimé 600 exemplaires en anglais et 200 en français; la traduction devra être faite par les officiers de la Chambre, et l'impression par l'entrepreneur des impressions. Le pétitionnaire aura aussi à payer au comptable de la Chambre une somme de \$200, plus le coût de l'impression de l'acte dans les Statuts, et remettra le reçu de ce paiement au greffier du comité auquel ce bill aura été renvoyé—le dit paiement sera effectué immédiatement après la seconde lecture avant la prise en considération du bill par le comité.

Aucune pétition pour l'obtention d'un bill privé ne sera reçue par l'une ou par l'autre Chambre après les dix premiers jours de la session.

I have the honour to be,
Sir

Your most obedient, humble Servant,
KIMBERLEY.

The Officer Administering
the Government of Canada.

Circular of the 28th August, 1880, No. 1455.

PARIS, 28th August, 1880.

The attention of the Department of Commerce has been called to the dangers to which consumers may be exposed by using food contained in cans or boxes soldered in the inside, and made with other than refined sheet tin.

The Board of Public Health to whom this question has been submitted, have recognized the fact that the public health is endangered through the use of articles of food which, by coming in contact with soldered parts or surfaces covered with a metal containing lead, may cause more or less serious poisonings. Therefore, the Board have expressed the opinion that makers of cans or boxes intended for canning food should be prohibited from soldering those cans inside, and from using any other than refined sheet tin. The Board add that if the makers persist in soldering in the inside, they should be held to use nothing but pure tin. This opinion has been adopted by the Minister of Commerce, and Prefects of Departments have received instructions accordingly.

It has seemed necessary to take similar measures with regard to foreign canned articles of food, not only for the purpose of protecting public health, but so that the French trade may not be put on an inferior footing with their foreign competitors. Therefore, the Minister of Finance has decided, on the 2nd April last, that cans or boxes containing food entered for importation should be made agreeably to the above decision. Those found to be made contrary to law would be temporarily detained by the proper officer, whose duty will be to report the case immediately to the *procureur* of the Republic.

In order to allow the French can-makers to dispose of the stock on hand, it has been agreed that the new regulations will come into force only on the 1st August 1881. They will be also enforced on that date with regard to foreign importations.

The Directors are requested to make known these regulations to the trade and public generally.

The Councillor of State, Director-General.

The Administrator.

In the Provinces of Quebec and Manitoba.

A notice inserted in the *Canada Gazette*, in the English and French languages, and in one newspaper in the English, and in one in the French language in the District affected, or in both languages in one paper, if there be but one in the said District, or if there be no paper published therein, then, in both languages, in a paper in the nearest District, in which a newspaper is published.

And copies of the newspapers containing the first and last insertion of such notice shall be sent to the Clerk of each House.
